

# **Notice of variation and consolidation with introductory note**

The Environmental Permitting (England & Wales) Regulations 2016

---

**Enviropark (Wales) Limited**

**Hirwaun Materials Recovery Facility  
Ninth Avenue  
Hirwaun Industrial Estate  
Hirwaun  
CF44 9NA**

Variation number

**EPR/WB3490HQ/V002**

Permit number

**EPR/WB3490HQ**

# **Hirwaun Materials Recovery Facility**

## **Permit number EPR/WB3490HQ**

### **Introductory note**

**This introductory note does not form a part of the notice.**

The following notice gives notice of the variation and consolidation of an environmental permit.

This is a permit variation following the publication of the revised Best Available Techniques (BAT) Reference Document (BRef) Waste Treatment. The associated BAT conclusions to this document were published on the 17 August 2018 in the Official Journal of the European Union.

This variation incorporates the changes required by the Industrial Emissions Directive following a statutory review of permits in the Waste Treatment sector. These include the amendment of the wording of several permit conditions relating to notifications, changes to emission limits and monitoring requirements. The interpretation section of the permit has also been updated and the opportunity has been taken to consolidate the original permit and subsequent variations.

We are satisfied that the operator will be compliant with the published BAT conclusions which will apply from 17 August 2022.

The installation will be used to treat mainly commercial and industrial wastes in order to extract ferrous metal, wood, inert aggregate, plastics, cardboard and mixed paper for recycling. Some household wastes may also be treated. The residual materials will be prepared for use as a Refuse Derived Fuel (RDF) which will be transferred off-site to an energy from waste facility for thermal recovery.

The regulated facility is listed as a Schedule 1 Part A installation under Section 5.4 A (1) (b) – Recovery or a mix of recovery and disposal of non-hazardous waste with a capacity exceeding 75 tonnes per day (or 100 tonnes per day if the only waste treatment activity is anaerobic digestion) involving the following activities and, excluding activities covered by Council Directive 91/271/EEC – (ii) pre-treatment of waste for incineration or co-incineration.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

<b>Status log of the permit</b>		
<b>Description</b>	<b>Date</b>	<b>Comments</b>
Application EPR/DP3037EU/A001	Duly made 05/03/14	Application for Material Recovery Facility
Additional information requested	01/05/14	Schedule 5 Notice
Additional information received	15/05/14	Response to Schedule 5 Notice

Additional information received	12/11/20	Updated site layout / installation boundary plan
NRW-initiated variation determined EPR/WB3490HQ/V002	22/02/21	Varied and consolidated permit issued in modern condition format

End of introductory note

## Notice of variation and consolidation

The Environmental Permitting (England and Wales) Regulations 2016

The Natural Resources Body for Wales (“Natural Resources Wales”) in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2016 varies and consolidates

Permit number

**EPR/WB3490HQ**

issued to

**Enviroparks (Wales) Limited** (“the operator”)

whose registered office is

**First Floor Offices  
Park Chambers  
10 Hereford Road  
Abergavenny  
Monmouthshire  
NP7 5PR**

company registration number **07034699**

to operate an installation at

**Hirwaun Materials Recovery Facility  
Ninth Avenue  
Hirwaun Industrial Estate  
Hirwaun  
CF44 9NA**

to the extent set out in the schedules.

The notice shall take effect from 22/02/2021.
