

Compliance Assessment Report CAR_NRW0037451

Permit being assessed: AB3699FY.

For: Alexandra Docks, held by Associated British Ports

At: Alexandra Docks, Newport, NP20 2NP.

Type of assessment carried out: Audit, Reason: Routine.

On 02/02/2021.

Parts of permit assessed: G

NRW Lead Officer: Greg Gardner.

Report sent to: TCM, Technically Competent Manager on 12/02/2021.

1. Summary of our findings (full details in section 4)

Part of permitted activity assessed (criteria)	Assessment result	Permit condition
G4 - Monitoring and Records, Maintenance and Reporting - Reporting and notification to Natural Resources Wales	Assessed (A)	

Result types are explained in more detail in the 'Important Information' section below.

Total number of non-compliances recorded	Total non-compliance score
0	0

How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

2. What action is required?

No action required.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

This is a desk-based audit of the 2020 Waste Return submissions for Associated British Ports located at Alexandra Docks, East Way Road, Newport, NP20 2NP. Permit number, EPR-AB3699FY, conducted by Officer Gregory Gardner on behalf of Chris Burge on 2nd February 2021.

To remind the operator, following each assessment Natural Resources Wales will produce a Compliance Assessment Report (CAR) detailing our comments from the audit. If we substantiate reasonably foreseeable risks or actual impact to the environment, we can breach the business against your permit conditions. This can affect your site banding and annual subsistence fees; scored on a Category 1 - 4 basis:

- 1 - Major, serious persistent and/or extensive impact on the people/property/environment
- 2 - Significant impact on effect on the environment/people/property
- 3 - Minor impact or effect on the environment/people/property
- 4 - A non-compliance which has no potential environmental effect

PERMIT COMPLIANCE

The site is permitted to accept a total annual through put of 75,000 tonnes per annum and is currently up to date with all of 2020's waste return data submissions. The site has declared that it accepted approximately 1,900 tonnes through the 2020 period; this is within the allowance therefore no breaches have been identified.

Quarter 1

The site submitted its 2020 Quarter 1 waste return data on the 20th April 2020 declaring that 0 tonnes were accepted, and 0 tonnes were removed (null return). All the mandatory sections within section 2 of the waste return form have been completed in full.

Quarter 2

The site submitted its 2020 Quarter 2 waste return data on the 1st July 2020 declaring that 0 tonnes were accepted, and 0 tonnes were removed (null return). All the mandatory sections within section 2 of the waste return form have been completed in full.

Quarter 3

The site submitted its 2020 Quarter 3 waste return data on the 6th October 2020 declaring that 1,902 tonnes were accepted, and 1,902 tonnes were removed. All the mandatory sections within section 2 of the waste return form have been completed in full.

Of the 1,902 tonnes of material accepted to site, all of the 1,902 tonnes consisted of waste wood chipped material which has been correctly coded as **19 12 07**. All of the 1,902 tonnes of waste wood chipped material was removed from site during this quarter.

All of the disposal or recovery codes are **R01** Incineration of waste for use principally as a fuel or other means to generate energy with the wastes being correctly coded predominately under the 17 EWC codes which constitutes:

- 17 - Construction and demolition wastes (including excavated soil from contaminated sites)

No hazardous waste was accepted or removed from site during this quarter. All of the 1,902 tonnes of was removed to the local authority of Neath Port Talbot Council.

Quarter 4

The site submitted its 2020 Quarter 4 waste return data on the 5th January 2021 declaring

that 0 tonnes were accepted, and 0 tonnes were removed (null return). All the mandatory sections within section 2 of the waste return form have been completed in full.

If you have any issues with this report please contact Greg Gardner on greg.gardner@naturalresourceswales.gov.uk

I look forward to working with the site in 2021.

Thank you.

In this document 'Natural Resources Wales' means the Natural Resource Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) Order 2012

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

What are suspended scores?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.

Full list of Industry and Waste action criteria (used in section 1 and 2):

A: Permitted activities

- A1 Specified by permit

B: Infrastructure

- B1 Infrastructure – Engineering for prevention and control of emissions
- B2 Infrastructure – Closure and decommissioning
- B3 Infrastructure – Site drainage engineering (clean and foul)
- B4 Infrastructure – Containment of stored materials
- B5 Infrastructure – Plant and equipment

C: General management

- C1 General management – Staff competency/training
- C2 General management – Management system and operating procedures
- C3 General management – Materials acceptance
- C4 General management – Storage, handling, labelling and segregation

D: Incident management

- D1 Incident management – Site security
- D2 Incident management – Accidents, emergency and incident planning

E: Emissions

- E1 Emissions – Air
- E2 Emissions – Land and groundwater
- E3 Emissions – Surface water
- E4 Emissions – Sewer
- E5 Emissions – Waste

F: Amenity

- F1 Amenity – Odour
- F2 Amenity – Noise
- F3 Amenity – Dust/fibres/particulates and litter
- F4 Amenity – Pests/birds and scavengers
- F5 Amenity – Deposits on road

G: Monitoring and records, maintenance and reporting

- G1 Monitoring and records, maintenance and reporting – Monitoring of emissions and environment
- G2 Monitoring and records, maintenance and reporting – Records of activity, site diary/journal/events
- G3 Monitoring and records, maintenance and reporting – Maintenance records
- G4 Monitoring and records, maintenance and reporting – Reporting and notification to Natural Resources Wales

H: Resources efficiency

- H1 Resource efficiency – Efficient use of raw materials
- H2 Resource efficiency – Energy efficiency

Enforcement response

Any permit condition non-compliance is an offence and we may take legal action against you. Action we take can include prosecution, serving a notice on you and/or suspension or revocation of your permit. See our Enforcement and Sanctions Guidance for further information.

Data protection notice

You should make sure that anyone named in this report knows that the information it contains will be processed by Natural Resources Wales to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s).

We may also use and/or disclose the report in connection with:

- offering or providing you with our literature or services relating to environmental matters
- consulting with the public, public bodies and other organisations (e.g. Health and Safety Executive, local authorities) on environmental issues
- carrying out statistical analysis, research and development on environmental issues
- providing public register information to enquirers
- investigating possible breaches of environmental law
- assessing customer service satisfaction and improving our service
- Freedom of Information Act or Environmental Information Regulations requests.

We may also pass it on to our agents or representatives to do these things on our behalf.

Disclosure of information – this report will be available to view on-line

If you think this report contains commercially confidential information that should not be placed on our public register, you must contact your local Natural Resources Wales office within **fifteen working days** of receiving this report, using the contact details in the accompanying email or letter. You must give a full explanation of why it should not be added to our public register, including specifying which information is commercially confidential. We will assess your request and respond to you within 20 working days to let you know if we agree to your request.

What do I do if I disagree with the report or have a complaint?

If you disagree with this compliance assessment report, you should contact the lead officer without delay to discuss your concerns.

If you are unable to resolve the issue with the lead officer or their line manager you should contact our Customer Contact team on 0300 065 3000 (Monday to Friday 08:00 – 18:00), or email enquiries@naturalresourceswales.gov.uk for details of how to raise your dispute further through our Complaints and Commendations procedure.

If you are dissatisfied with our response, you can contact the Public Services Ombudsman for Wales by phone on 0300 7900203 or by email at ask@ombudsman.wales

Welsh Language Standards

We are committed to establishing Natural Resources Wales as a naturally bilingual organisation. We will provide compliance reports in your preferred language.
