How we use the non-compliance score to calculate your annual fee is explained in the 'Important Information' section below.

2. What action is required?

No action required.

3. What will happen next?

Any non-compliance we have identified and recorded on this form is an offence. It can result in criminal prosecution and/or suspension or revocation of your permit.

At this time, we do not intend to take any further action.

This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

UPDATE 15 February 2021

An email from Kate Pittuck of Smith's (Gloucester) Ltd. in response to the original CAR sent on Friday 12 February 2021 showed evidence that the missing waste returns for Q1 and Q3 were

submitted. This was investigated with the Waste Returns team and it appears that that the original returns had not been uploaded onto the DMS system because of a glitch. All four waste returns from Smith's (Gloucester) Ltd. have been submitted and confirmed therefore the breach has been removed.

Gillian Coates

Missing waste returns

Following a recent review of submitted waste returns for 2020, our records show that you have not submitted returns Q1 and Q3 2020. As a result of this non-compliance, you have been scored accordingly.

G4 – Reporting and notification to Natural Resources Wales. Category 4 breach.

summary records of wastes accepted and removed

- 6.2.2** A summary record of the waste types and quantities accepted and removed from the site shall be made for each quarter of the financial year and shall be submitted to the Agency within one month of the end of that quarter. The summary record shall be in the format detailed in Appendix B or otherwise subsequently agreed with the Agency in writing.

Action:

You are required to submit any outstanding waste returns and put in place procedures to ensure that all future returns are completed and submitted in time. Please be aware that if no waste has been accepted during a quarter you are still required to submit a NIL return.

The required timescales for submissions are below:

Quarterly Returns Period Return Submission Deadline

Q1 - 1st January to 31st March 30th April

Q2 - 1st April to 30th June 31st July

Q3 - 1st July to 30th September 31st October

Q4 - 1st October to 31st December 31st January

Failure to meet future return deadlines may result in escalation of our scoring category for such a

breach and may also result in further action.

Waste return spreadsheets can be found on the following link:

Please submit missing waste returns to the following:

Email: waste.returns@naturalresourceswales.gov.uk

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.

Important information

Legal status of this report

Your permit is issued to you under the Environmental Permitting Regulations. You have a responsibility to comply with the conditions of your permit and prevent pollution/harm of the environment. You must also ensure that you comply with any other relevant legislation that may apply to your site's operations.

This report explains the findings of our assessment and any action you are required to take. We categorise non-compliance using our guidance for assessing non-compliance at regulated sites.

When we find potential non-compliance/s we will normally give you advice on how to maintain compliance.

To correct non-compliance, we may:

- require you to take specific actions
- issue a notice
- review the conditions of your permit.

Any advice and guidance we give will be without prejudice to any other enforcement response that we consider may be required.

Assessment results and non-compliance categories (used in section 1):

Assessment result	Description
Assessed (A)	Assessed or assessed in part, no evidence of non-compliance found
Action only (X)	Action only relating to the activity assessment
Ongoing (O)	Ongoing non-compliance, not scored

Non-compliance category	Description	Score
C1 Major	Potential to have a major, serious, persistent and/or extensive impact or effect on the environment, people and/or property	60
C2 Significant	Potential to have a significant impact or effect on the environment, people and/or property	31
C3 Minor	Potential to have a minor or minimal impact or effect on the environment, people and/or property	4
C4 No environmental impact	Non-compliance at a regulated site that cannot foreseeably have any impact on the environment, people and/or property	0.1

How we use assessment scores

The number and severity of non-compliances recorded in a year will affect your annual subsistence fee the following year. A non-compliance factor is added to your site's Operator

Performance Risk Appraisal (OPRA) score when we calculate your fee to reflect the additional resource we use to assess permit compliance.

What are suspended scores?

In line with our guidance, we may suspend scores for up to six months to allow time for remedial action to be taken. Suspended scores will be re-instated if the action is not completed.
