### **Introductory note**

#### **This introductory note does not form a part of the notice**

The following notice gives notice of the variation of an environmental permit.

This is an operator led variation to extend the permit boundary and to move storage and currently permitted treatment operations such as crushing and screening of inert materials into the new permitted area. There are to be no changes to the proposed activities carried out on site under this permit variation.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
