

Permit Number: EPR/BX7282IS
 Facility: Magor Brewery
 Date of form 19/07/11

Operator: Inbev UK Ltd
 Form Number: A2.

Reporting of emissions to air for the period from 1st January 2020 to 30th June 2020

Emission Point	Substance / Parameter	Emission		Test Method ^[2]	Sample Date and Times ^[3]	Accreditation/certification ^[4]	Uncertainty ^[5]
		Limit Value	Result ^[1]				
A8	Oxides of nitrogen as NO2	500	280	BS EN 14792	1 st May 2020 09:11-10.11	Mcerts MC 050056/00	11.1
	Carbon monoxide	650	490	BS EN 15058	1 st May 2020 09:11-10.11	Mcerts MC 050056/00	18.2
	Sulphur Dioxide	80	0.42	BS EN 14791	1 st May 2020 09:11-10.11	Mcerts MC 050056/00	.0.033

1. The result given is the maximum value (or the minimum value in the case of a limit that is expressed as a minimum) obtained during the reporting period, expressed in the same terms as the emission limit value. Where the emission limit value is expressed as a range, the result is given as the 'minimum – maximum' measured values.
2. Where an internationally recognised standard test method is used the reference number is given. Where another method that has been formally agreed with the Environment Agency is used, then the appropriate identifier is given. In other cases the principal technique is stated, for example gas chromatography.
3. For non-continuous measurements the date and time of the sample that produced the result is given. For continuous measurements the percentage of the process operating time covered by the result is given.
4. The uncertainty associated with the quoted result at the 95% confidence interval, unless otherwise stated.
5. Form A1 submitted for the October and November results due to limit breach.

SignedCarl Rogers.....
