

Mr R M Jones
Company Secretary
Kronospan Limited
Maesgwyn Farm
Chirk
Wrexham
LL14 5NT

Our ref: PAN-002755

Your ref:

Date: 16 July 2021

Dear Mr Jones

Request for further information to support your application

Application reference: EPR/BW9999IG/V008

Operator: Kronospan Limited

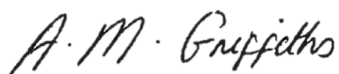

Facility: Chirk Particleboard Factory, Holyhead Road, Chirk, Wrexham, LL14 5NT.

I enclose a notice that asks you to send us more information to support your application for a substantial variation to your environmental permit. We need this information so that we may continue to process your application.

The notice specifies that you need to send a consolidated air dispersion modelling assessment for releases to air from the Chirk Particleboard Factory. The assessment and report must meet the requirements of the online gov.uk guidance: [Environmental Permitting: air dispersion modelling reports](#). Any emission points, relevant pollutants and operating scenarios not included in the consolidated modelling will not be assessed by NRW and will not form part of a consolidated NRW permit for the site. A further Schedule 5 Notice will therefore not be issued in respect of air dispersion modelling prior to our final decision.

If you have any concerns about being able to provide this information on time, please let me know. If you have any questions about this notice please phone me on (07879) 607877 or email anna.griffiths@naturalresourceswales.gov.uk.

Yours sincerely

Anna Griffiths

Lead Specialist Officer, Installations and RSR Permitting
