

Appendix 7.7 200205 - ECO00312 - Badger Report - FULL (confidential) – File Note

File Note:

In accordance with the requirements of the Environmental Permitting (England and Wales) Regulations 2016, the Operator submitted a copy of their full planning Environmental Impact Assessment as part of their application.

However, they marked the above appendix 7.7 as confidential, and indicated that it should not be placed on the public register.

We briefly examined the report, and found that it was not material to permit determination. We have therefore deleted it from our records, and have not kept a copy, internally or on the public register. We note that it was available, should we have required it. We have not completed a confidentiality assessment on the report.
