

# End of Visit Declaration (Wales) (Non-conformances)

## Pig and Poultry Assurance Scheme

Permit number: \_\_\_\_\_VP3832MZ\_\_\_\_\_

Farm name: \_\_\_\_\_St. Pierre Poultry Unit\_\_\_\_\_

During the Pig and Poultry Assurance Scheme inspection on \_\_11/3/19\_\_, I found the following non-conformances with the Pig and Poultry Assurance Scheme Module Standards.

| Question number | Non-conformance found                                                                     |
|-----------------|-------------------------------------------------------------------------------------------|
| AR.1.4          | Nick Davies has not received appropriate training on the permit and environmental issues. |
|                 |                                                                                           |
|                 |                                                                                           |
|                 |                                                                                           |
|                 |                                                                                           |

The information I have collected will be provided to Natural Resources Wales. It will be sent to your Environment Officer who will determine whether any of the non-conformances identified amount to a breach of the conditions of your environmental permit.

The Environment Officer will write to you to let you know the outcome of the inspection, including the details of any breaches, and will ask you to send a plan of how you intend to correct any non-compliances.

You should raise any questions arising from this inspection with the Environment Officer you normally deal with.
