Dear Sir/Madam,

Re: Hendy Quarry Landfill: Normal variation application to add waste types and increase discharge limit (EPR/BT1088ID/V006)

ESI Ltd (ESI) has been instructed by Tarmac Trading Ltd (Tarmac) to prepare a variation application to vary the existing Permit (EPR/BT1088ID/V006) to add additional waste types and to increase the consented discharge limit.

Supporting information is presented in the accompanying Environmental Setting and Installation Design (ESID) report (ESI report reference 62847R1). In addition, a number of other supporting documents are also provided, a summary of which is provided in Table 1.

The application fee is included by cheque for £7,506 based upon the calculated Opra (Operational risk assessment) profile for the Site. The cheque (cheque number 154258) accompanies this cover letter.

We are submitting this application to NRW in electronic format only, which is considered to satisfy the requirements of guidance to application form Part F1¹.

I trust that the information provided is satisfactory to ensure the application is Duly Made and determined in the shortest possible time frame, however if you require any further information please do not hesitate to contact ESI which is acting on behalf of Tarmac.
