Dear Mr Lewis

MARINE AND COASTAL ACCESS ACT 2009: PART 4 – MARINE LICENSING

LICENCE FOR REFURBISHMENT OF THE NEWPORT TRANSPORTER BRIDGE SPANNING THE RIVER USK

LICENCE NUMBER: CML2127

I am writing to advise you that the Marine Licensing Team, on behalf of the Welsh Ministers, as Licensing Authority, has considered your application, dated **24 May 2021** for a Marine Licence under Part 4 of the Marine and Coastal Access Act 2009, and hereby grant a Marine Licence for you to undertake the above stated works.

Accordingly, please find attached for your review and retention a copy of Marine Licence **CML2127** and its conditions.

Advisory Note

Marine Licence, **CML2127**, constitutes a statutory consent; therefore, the conditions set out herein must be complied with in full and will be binding upon any agent or contractor who undertakes any activity on the project on your behalf.

You are urged to read the conditions of Marine Licence **CML2127** carefully, in particular the need to advise Welsh Government Marine Enforcement Officers of the commencement of works within **10 days** prior to work starting.

Marine Licence, **CML2127** is solely granted for the work to be undertaken at **Newport Transporter Bridge**; however, it does not absolve you from applying for further consents or licences as necessary to enable the full completion of your project.

If the works authorised by this Licence are unlikely to be completed by the expiry date, the Licence Holder should apply for a replacement marine licence **at least 4 months** prior to the expiry date of this Licence.

As per the email correspondence dated 29 July 2021, the following advisory notes were provided from consultees:

The Maritime and Coastguard Agency have advised:

- You should consult with the local navigation authority or Harbour Authority / Commissioners / Council to discuss what impact the proposed work will have on oil spill risk and pollution mitigation measures. As the relevant oil spill contingency plan(s) may need to be amended to reflect the additional risk.
- You should gain the approval/agreement of the responsible local navigation authority or the Harbour Authority Council in this case Newport Harbour Authority (ABP), as they may wish to issue local warnings to alert those navigating in the vicinity to the presence of the works, as deemed necessary.

The Crown Estate request that you contact the Crown Estate's Managing Agent for the area: Rhian Howells of Cooke and Arkwright on 01656 644 631, rhian.howells@coark.com regarding landowner's consent for the proposed activity.

A Flood Risk Activity Permit (FRAP) for works not covered by any granted Marine Licence may be required. This Flood Risk Activity Permit should be obtained prior to the commencement of any works and is standalone legislation. The applicant should contact Rebecca Loder within Development and Flood Risk should they have any questions relating to this process. (Rebecca.loder@naturalresourceswales.gov.uk)

Information regarding the FRAP application and the form itself can be found on the NRW website:

Should you require clarification as to the reasons for the inclusion of any of the conditions attached to the Licence then you must request written notice within **28** days of the receipt of this letter.
