# **Parc Busnes Edwards Biomass Boiler**

## **Permit number PAN-005576**

### **Introductory note**

**This introductory note does not form a part of the notice.**

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation changes the number and type of biomass boilers on the permit. The variation changes the biomass boilers from 3No. 1.335 MWth input Hertz boilers to 2No. 1.2 MWth input WK RKK 1000 Binder boilers. The boilers will continue to operate continuously (8760 hours per year) and be fuelled on virgin woodchip only. Each boiler will remain to have their own 9 metre flue, with no change to the stack parameters due to the variation except the removal of the third redundant emission point (A3).

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

<b>Status log of the permit</b>		
<b>Description</b>	<b>Date</b>	<b>Comments</b>
Application PAN-005576	Duly made 10/07/2019	Application for new Medium Combustion Plant permit.
