

Sediment sample plan request form

Applicant details

Title Mr
First name David
Last name Richards
Address Harbour Office
Marine Centre of Excellence, Saundersfoot Harbour
Saundersfoot, Pembrokeshire
Postcode SA69 9HE
Mobile phone 07966422146
Email address harbourmaster@saundersfootharbour.co.uk

Volume of material to be dredged (m3)

11500

Depth of the sediment to be dredged (as opposed to the water depth to be achieved)

Approx 1 metre depth to be removed

Description of the location (e.g. Holyhead Port)

Saundersfoot Harbour, Inner Harbour and outer channel

Coordinates of the dredge area(s) (individually named areas, e.g. berths, should be detailed rather than one area)

The areas to be dredged shall be the within the inner harbour with approx 94 berths, Also sections around the edge of the inner harbour basin which also have approx 92 berths.

Position No.1 51deg42'591N Position No.2 51deg42,572N Position No.3 51deg42,583N
004deg41'841W 004deg41,898W 004deg41,760W

Also a new Channel to be cut and deposit removed and relocated from the outer Harbour entrance.
Position No.4 51deg42,605N
004deg41,730W

Dredging

Is your application for capital or maintenance dredging? Capital dredging is the removal of material that has not previously been dredged or has not been dredged in the last 10 years. This includes deepening or widening an existing dredge area. Maintenance dredging relates to the removal of material from areas which have previously been dredged (in the last 10 years) i.e dredging the same areas and to the same depth as before.

Maintenance dredging

Please provide the following details:

The last licence/application number	12/12/ML
When sediment analysis was last undertaken	Not known
When the area was last dredged	03/2012

If this is to support a renewal of a marine licence, state if there are any proposed changes to operation since the last licence

N/A

Will the dredged material be disposed to sea, beneficially used, or used for another purpose?

Disposed to sea / Shoreline

If disposal at sea, provide the name and code of the proposed disposal site

Saundersfoot front beach.

If beneficial use, how will the material be used and what is the proposed deposit location? Provide name of location and coordinates

N/A

What material is the likely composition of the dredge sediment e.g. silt, gravel? Provide proportions of the different types of material if relevant

Sand 60%
Mud 30%
silt 10%

Provide details of any previous exclusions from dredging/disposal/beneficial use/re-use

N/A

Application fee

Please provide the method of payment

BACS

Please complete the details below which will be required for invoicing

Customer name	Saundersfoot Harbour Commissioners
FAO	Harbourmaster / Finance Officer
