This statement does not stop us from taking additional enforcement action if further relevant information comes to light or offences continue.

4. Details of our assessment

On the 20th of July 2021 NRW officers Alys Jones & Joseph Callard carried out a routine inspection/OSM audit at Ffairfach Sewage Treatment works.

Officers inspected the site from the inlet flows down to the final effluent and discharge point. No breaches were recorded during the inspection.

Officers also inspected the area in which an incident occurred in 2020 at the site involving a discharge of effluent down a surface water drain (please see CAR-NRW0036823). The surface water drain was unknown to be there at the time of the incident in 2020. This matter has now been resolved.

Diary on site was also inspected and officers were satisfied with it's content

Thank you DCWW for your time during this site inspection

If you have any queries about this report, or to discuss completion of any actions, please contact the NRW Officer named above.
