	⁽²⁾ TON (mg/l as N)	6.67	5.96	5.39	45
	TON (kg / month)	0	0	0	

Notes

- 1) Values reported in above table for Oil, pH & SS are average values for the month from a series of weekly spot samples. **Zero (0)** notifications of individual breaches have been necessary during Q3 as the individual spot sample results **have not** been in breach of permit limits.
- 2) TON calculated from online continuous analyser that measures Nitrates & Nitrites concentrations (mg/l as N) directly and reports average values for the month.
