

## APPLICATION FOR A MARINE LICENCE FOR MARINE WORKS

**Marine Works include, but are not limited to, coast defences, beneficial uses of dredged materials, subsea cables, pontoons, jetties, land reclamation, grab samples and outfall pipes under the Marine and Coastal Access Act 2009**

Please read the notes carefully before completing the form.

- The Marine Licensing Team (MLT) administers Part 4 of the Marine and Coastal Access Act 2009 on behalf of the Licensing Authority, the Welsh Ministers.
- The completed application form must be accompanied by a location plan and, where appropriate, descriptive drawing(s) and any supporting environmental assessments. One completed hard copy of the application and supporting documents will always be required. Additional copies are required for consultation purposes.
  - For application and supporting documents less than 10MB we can accept an additional copy via email.
  - For applications larger than 10MB **16** additional copies in CD/DVD format will be required
  - When applications and supporting documents are hard copy only **16** copies will be required.
- Please submit applications to the **Permit Receipt Centre** via the details at the top of this form
- Please submit marine licence applications, including this form and all supporting documents, **at least 4 months before the licence is required.**

**Some projects may raise matters that require a significantly longer time for consideration.**

These are most likely to be:

- Projects that fall **within** The Marine Works (Environmental Impact Assessment) Regulations 2007 – as amended requiring an Environmental Statement
- Large scale projects with substantial volumes of material being deposited or excavated
- Works requiring an Appropriate Assessment to be conducted under The Conservation of Habitats and Species Regulations 2017.
- Information should be provided about the anticipated **duration of the entire project** in respect of works below/seaward of Mean High Water Spring (MHWS). Where appropriate, planned phasing of the work for which consent is sought must be detailed. For projects lasting more than one calendar year, planned phasing details must be given for each 12 month period.

A licence fee is payable in respect of an application. Details of fees can be found on our web pages.

**Please note applications will not be processed without the correct relevant fee or invoicing details.**

- Payments can be made via Cheque, BACS or credit/debit card.
  - Cheques should be crossed and made payable to **Natural Resources Wales.**
  - For BACS payments ensure you provide the reference number (not remittance number)

- For credit/debit card payments please complete the CC1 form and submit with the application. The CC1 form can be found on our web pages

Further information on payment methods can be found on our web pages

- **All activities need to comply with the Water Framework Directive (WFD). The framework and guidance can be found on the Natural Resources Wales website, <http://naturalresources.wales>. The results of your WFD assessment must be attached to your marine licence application.**
- Please answer all questions. If any information is not available at the time of application please indicate in the relevant section, giving reasoning in a covering letter. Outstanding details must be submitted as soon as possible. Any delay in forwarding details is likely to result in delays in determining your application.

**Your application may not be considered complete and therefore not processed until key information has been submitted. Your application may be returned if you fail to submit outstanding information within given timescales.**

- Please note any licence may have conditions that must be discharged before works can commence. This will take additional time.
- If you have any queries with regards to completing this application please contact the MLT: [marinelicensing@naturalresourceswales.gov.uk](mailto:marinelicensing@naturalresourceswales.gov.uk)

### How your application will be processed by the MLT:

- Submit all application to the **Permit Receipt Centre** via the details at the top of this form.
- Checked and acknowledged by the MLT within 21 days of receipt of application and payment
- If the application is complete and no further information is needed at this time, your application will be placed in a work queue to be assigned a permitting officer
- If the application is not complete, further information will be request and need to be provided before the application can be considered as complete
- Our **4 months** service level for determining non-EIA applications will begin from the date the **completed** application is received (*Please note some projects may take significantly longer than 4 months to determine due to their nature*)
- EIA projects may take significantly longer due to their scale and complexity. Therefore we encourage early engagement with the MLT
- Your application and supporting documents will be sent to for an initial consultation period of 28 days (*42 days for EIA projects*)
- For the majority of projects, a public notice must be advertised. Public consultation will be 28 days (*49 days for EIA projects*).  
For EIA projects a second public notice will be required. The MLT will advise on how this should be done.
- Responses to consultation will be considered and additional information requested at this time, if necessary.

- A decision on your Marine Licence Application will be made

All information submitted may be referred to within a licence, therefore all works must be in accordance with this information, unless otherwise agreed with NRW acting on behalf of the Licensing Authority during the determination process.

**It is the responsibility of the applicant to obtain any other consents/authorisations that may be required.**

### Application Form Structure

1. Project Description and Cost
2. Applicant Details
3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works
4. Environmental Impact Assessment (EIA)
5. Licensable Period
6. Project Description
7. Methods Statement
8. Materials of Project
9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding
10. Temporary Works
11. Dredge and Disposal of Dredge Material
12. Protected Sites
13. Other Consents
14. Statutory Powers
15. Public Register
16. Application Fee
17. Declaration

### Check List

Please ensure that you have included all the necessary information before you submit your application. **If any of the below are not completed in the application form, the application is likely to be considered incomplete and may be returned to you**

Item	Yes (✓)
The applicant is a legal entity?	✓
The declaration is signed by the applicant?	✓
Is the application fee correct?	✓
Are the grid references/coordinates correct?	✓
Do the coordinates match map locations?	✓
Have all the relevant supporting documents been submitted?	✓
Has a clear methodology been provided in the application form?	✓
Has Protected sites information been included?	✓
Has a Water Framework Directive (WFD) assessment been submitted?	✓
Are all the continuation sheets for application questions appended with correct corresponding numbers?	NA

**Should you have any queries regarding your application please contact the MLT via [marinelicensing@naturalresourceswales.gov.uk](mailto:marinelicensing@naturalresourceswales.gov.uk)**

## 1. Project Description and Cost

### 1 (a). Project Name

River Neath Swing Bridge Refurbishment

### 1(b). Please provide a brief description of the proposed project, including location

Centregreat Rail, on behalf of Network Rail, have been contracted to undertake the refurbishment of Neath Swing Bridge (SDI1 207m 63ch), Over the tidal Estuary, River Neath, SA10 6EX, Grid Ref: SN SS 73039 96367

River Neath Swing Bridge is a Grade II listed six-deck underbridge carrying the two lines of the SDI1 railway over River Neath.

- Swing span bearing repairs
- Re-painting of the steel superstructure steelwork to provide a surface protection system with a minimum 15-year design life for trackside areas and 25 years for the remaining superstructure.
- Steelwork repairs to the cylindrical piers
- Waterproofing of the swing span
- Masonry repairs to both abutments
- Removal of redundant fenders to swing span
- Replacement of corroded gutters and downpipes
- Vegetation clearance within 3m of the structure.

Please Refer to attached Construction Phase Plan (CPP) & Water Framework Directive (WFD) for further information.

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

### 1(c). Please provide an estimated gross cost of the project (Inc. materials and labour) for works that fall below/seaward of Mean High Water Springs (MHWS)

**£5 Million**

## 2. Applicant Details

To whom the licence will be issued. *This must be a legal entity such as an individual, registered company/ charity or public body.*

Title	Mr	Full Name	Matthew Spear
Company or Trading Name	Centregreat Rail Limited		
Company Registration Number (if applicable)	02904587		
Name of Contact or individual (if different)			
Position in Company	Senior Project Manager		
Address inc. postcode (provide registered Company address if applicable)	Brindley Rd, Cardiff CF11 8TL		
Telephone Number	07823 342379		
Email Address	Matthew.Spear@centregreat.net		

## 3. Details of Agent, Contractor, Vehicles and/or Vessels used to carry out works

### 3(a). Agent Details

*This is who we will correspond with unless otherwise informed. If no agent we will contact the applicant.*

Title	Mr	Full Name	Owain James Waters
Company or Trading Name	EcoVigour Ltd		
Company Registration Number (if applicable)	6313671		
Name of Contact or individual (if different)			
Position in Company	Senior Environmental Specialist		

Address  
(Inc. postcode)

Hardwick Farm  
Five Lanes  
Caerwent  
Monmouthshire  
NP26 5PH

Telephone Number

08448400401

Email Address

owaters@ecovigour.com

**3(b).** Does the Applicant wish to be included in all correspondence? Yes  No

**3(c). Contractor Details**

In order for contractors to benefit from the licence permission, details must be provided.  
*Any details not provided with application must be confirmed before operations commence.*

Contractor Company or Trading Name	Address
Centregreat Rail Ltd	Cwmbran (Rail) Communications House Grange Industrial Estate Cwmbran Torfaen NP44 8HQ T: 01633 487126 E: rail@centregreat.net

**3(d).** Will the works require the use of vessels? Yes  No

**3(d) (i). Vessel Details (if applicable and available)**

In order for contractors to benefit from the licence permission, details must be provided.  
*Any details not provided with application must be confirmed before operations commence.*

Operator	Name of Vessel	Type of Vessel	Vessel Registration Number	Country of Registration
To be confirmed	TBC	Pioneer Multi or equivalent	TBC	TBC

TBC	TBC	Jeaneaux – Rigiflex or equivalent.	TBC	TBC

**3(e). Will the works require the use of vehicle?** Yes  No

**3(e) (i). Vehicle Details (if applicable and available) to be used below MHWS**

In order for contractors to benefit from the licence permission, details must be provided.  
Any details not provided with application must be confirmed before operations commence.

Operator	Type/Description of Vehicle

**3(f). If the contractor or vessels or vehicles are not known at the application stage, when do you expect to provide these details?**

*These details will need to be confirmed prior to the licence and operations commencement*

It is likely that a marine support contractor will be procured in Jan – Feb 2022.

Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended). If a project qualifies under EIA, an Environmental Statement (ES) must be prepared and submitted with the application.

Projects that fall within Annex I of the Directive automatically require an EIA. Projects that fall within Annex II of the Directive are assessed on a case-by-case basis for the requirement for an EIA to be undertaken.

**4(a). Do you consider the works to be under the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended)?** Yes  No

**4(a) (i) If Yes, which Annex does the proposal fall under?** Annex I  Annex II

**4(a) (ii) Which number(s) within the Annex does the proposal relate to?**

**4(b). Have you applied for a screening or scoping opinion from the MLT under the Marine Works (Environmental Impact Assessment) Regulations 2007 (as amended)?** Yes  No

**4(b) (i). If Yes, please provide the reference number**

4(c). Has an Environmental Impact Assessment been undertaken? Yes  No

4(c)(i). If Yes, has an Environmental Statement been submitted to support this Marine Licence application? Yes  No

4(d). If an Environmental Impact Assessment has been undertaken, but an ES has not been submitted, please provide an explanation

Please continue on a separate sheet if necessary. Please tick if you have done this

### 5. Licensable Period

Determination of applications will be based on the works taking place during these dates. Please ensure you have included an adequate contingency period. If works are not completed by the Requested Licence Expiry Date you may be required to submit a new application. *Including a contingency period within your original application does not impact on Licence Fee*

Start Date

Requested Licence Expiry Date

*Please ensure you submit your application for a Marine Licence **at least 4 months** prior to the intended start date. Some projects, such as EIA projects, will take significantly longer to determine.*

### 6. Project Description

6(a). Please give a description of the proposed project.

This should include the purpose of the project, estimated timescales of construction and operation, and broken down by the phases of works, if applicable. Details should include, but not be limited to, dimensions of project, quantity of material being deposited and removed.

Please Refer to Section 4 and 5 – Site Context and Description of the Proposed Activities and Proposed Works, within the attached WFD. This provides details of the project location, works to be undertaken, works methodology and programme. Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

Please continue on a separate sheet if necessary. Please tick if you have done this

**6(b). Please detail the location of the proposed construction project.**

This should be either Ordnance Survey National Grid Reference (i.e. AB 12345 67890) or Latitude and Longitude in decimal degrees to 4 decimal places (i.e. Lat 52.1234 Long - 4.1234), defining the extent of the project. **Please specify which coordinate system has been used.**

The worksite, including the scaffolding, stair access and the works footprint around the structure. The works correspond to the following grid references below:

- NE Corner – SS 73108 96394
- SE Corner – SS 73071 96328
- SW Corner – SS 72964 96343
- NW Corner – SS 73004 96413

Please note, the width of the works is widened at the grid reference corners need to take into account the up and down stream timber structure which spans perpendicular to the main structure.

The main compound is not included in these grid reference as it is situated a significant distance away from the estuary.

With access arranged through the adjacent Waste Processing Facility.

Please continue on a separate sheet if necessary. Please tick if you have done this

**6(c). The following must be provided with the completed application form:**

- a suitably scaled extract of an Ordnance Survey Map or Admiralty Chart with location of project, complete with **North Arrow** and **Scale**
- construction plans and sectional drawings showing those proposed works below/seaward of MHWS, which should give details of the materials to be used (for beach replenishment the quantity, particle size and source of material to be deposited and deposit location is also required).
- a descriptive schematic drawing and suitably scaled location plan which show the full extent of the project clearly in relation to the surrounding area and features.

Please list below **all supporting documents** that have been submitted with this application, including suitable documents/maps/drawing titles and reference numbers

Please Refer to Sections 4 and 5 – Site Context and Description of the Proposed Activities and Proposed Works within the attached WFD & CPP

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

Please refer to Appendices in Support Documentation Compressed File.

See OS Map within WFD of Neath Swing Bridge which includes area of project.  
Grid Reference: SS 73039 96367

Please continue on a separate sheet if necessary. Please tick if you have done this

The applicant should note that these drawings/plans may be copied to others as part of the MLT's consultation procedures. If they are subject to copyright, it is the **responsibility of the applicant to obtain the necessary approvals to reproduce the documents and to submit up to 16 copies with the application.**

## 7. Methods Statement

### 7(a). Please provide a detailed method statement for the works

This must include methods for all works including temporary structures or deposits such as jetties, cofferdams, moorings or landing stages to be constructed seaward of MHWS

Please Refer to – Description of the Proposed Activities within the attached WFD & CPP

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

Please continue on a separate sheet if necessary. Please tick if you have done this

### 7(b). Do you intend to undertake activities that could generate underwater noise?

This include piling, use of explosives, geophysical, acoustic deterrent devices and multibeam echosounders.

Yes  No

#### 7(b) (i). If Yes, what type(s) of activities will be undertaken?

Grit blasting and steel work repair is to occur on the scaffolding platforms once areas have been set up.

Consequently, the key mechanism for transfer vibration into the water column will be through the bridge caisson / piers. There will be an element of insulation from this due to the bearing between the bridge deck and the caissons.

This will only be applicable during particularly high tides, which will during periods where daytime shift and high tides coincide.

Please Refer to attached WFD

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

#### 7(b) (ii). If Yes, approximately how many days will the activity be undertaken for?

- Grit Blast and Paint – May 2022 to Nov 2022
- Steelwork Repairs – Jun 2022 to Nov 2022

Theoretical combined days: 210

If Yes, you will be required to complete an additional form that will be provided.

**7(c). Please state the measures to be taken to:**

(i) Minimise risk to the marine environment

The pathway will only exist for a few hours around high tide, no specific mitigation is proposed, beyond construction best practice and regular breaks in the use of vibrating / cutting tools.

The main means of control are the limits on working hours and location on the structure itself. As works will be undertaken in sections and not the entire bridge as a whole, this will ensure there are areas across the span of the estuary that are not directly impacted by the works.

The bridge will remain open and will have active rail traffic which local species have likely become habituated to.

Please Refer to attached HRA & WFD

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

(ii) Prevent undue interference to others

Please Refer to attached HRA & WFD

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

Access has been arranged with the Local Waste Processing Facility and Compounds are situated on existing brownfield sites nearby. No road closures or diversions are necessary.

(iii) Maintain navigational safety, including marking and lighting of works

The scaffolding will brace to the existing structure and there will be no impact on vessel navigation below the bridge. The structure will be light in a manner in which it provides a safe visual warning of its proximity but does not create unnecessary light spill into the wider environment,.

Please Refer to attached CPP & WFD

Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and **EV000702/WFD-000**

Please continue on a separate sheet if necessary. Please tick if you have done this

## 8. Materials of Project

### 8(a). Description of materials to be deposited seaward of MHWS (Please tick all that apply)

Timber	<input type="checkbox"/>	Iron/Steel	<input checked="" type="checkbox"/>	Concrete	<input type="checkbox"/>	Biocides/other chemicals	<input type="checkbox"/>
Silt	<input type="checkbox"/>	Stone/Rock	<input type="checkbox"/>	Gravel	<input type="checkbox"/>	Plastic/Synthetics	<input type="checkbox"/>
Sand	<input type="checkbox"/>	Other	<input type="checkbox"/>				

If other, please provide a description of materials.

NA

### 8(b). Delivery method of materials to site

If sea delivery, please include details of vessels to be used with a chart of proposed route and transshipment area. If vehicle delivery, please provide the proposed access route.

Materials will be delivered to a laydown area within the Waste Centre and then carried along the scaffolding decks to wherever material is needed.

Please continue on a separate sheet if necessary. Please tick if you have done this

8(c). Will the works involve removals seaward of MHWS? Yes  No

### 8(c) (i). Description of materials to be removed seaward of MHWS (Please tick all that apply)

Timber	<input type="checkbox"/>	Iron/Steel	<input type="checkbox"/>	Concrete	<input type="checkbox"/>	Biocides/other chemicals	<input type="checkbox"/>
Silt	<input type="checkbox"/>	Stone/Rock	<input type="checkbox"/>	Gravel	<input type="checkbox"/>	Plastic/Synthetics	<input type="checkbox"/>
Sand	<input type="checkbox"/>	Other	<input type="checkbox"/>				

### 8(c) (ii). Description of objects/materials to be removed seaward of MHWS

Including quantities to be removed.

NA

### 9. Beach Replenishment, Land Reclamation or Salt Marsh Feeding

For works involving any of the above, please provide the following information

9(a). Is the material to be deposited like for like to existing material? Yes  No

9(a)(i) If No for Beach Replenishment please provide justification why?

9(b). Description of material to be deposited

Please provide the grading specification of materials to be used, if using a range of grain sizes please state the percentage by weight passing. *If unsure, please refer to the Wentworth Scale*

Please continue on a separate sheet if necessary. Please tick if you have done this

9(c). Source of the material to be deposited

Including dredged or land based stating the origin of material

9(d). Has the material been chemically analysed?

Yes  No

If material has been analysed, we may request this information to determine the application

9(d) (i) If Yes, is the analysis data been included with the application? Yes  No

## 10. Temporary Works

**10(a). Will there be any temporary deposits below MHWS?** Yes  No

This includes construction materials, removed objects/material, jetties or cofferdams  
If **Yes**, please continue with section **10**

**10(b). Please provide the location of temporary deposits**

Please include a map/chart displaying the location of temporary deposits, if necessary.

Temporary scaffolding will be secured to existing structure auxiliary supports to allow for crash deck deployment during bridge surface treatment and re-painting. This will not impede tidal flows or vessel traffic.

**10(c). Description of temporary deposits**

Scaffold is still undergoing design but will be based on the indicative sketch within the attached WFD.

Biosecurity procedures will be implemented in line with the Biosecurity Management Plan in Appendix A of the WFD.

Please continue on a separate sheet if necessary. Please tick if you have done this

## 11. Dredge and Disposal of Dredge Material

If you are undertaking Dredge and Disposal activities please also complete the Dredge and Disposal application form and submit together.

**11(a). Do you intend to apply for a marine licence to dispose of dredged material to sea as part of the works in this application?** Yes  No

## 12. Protected Sites

Licensing Authorities have a duty to ensure that projects will **not have significant adverse environmental impact**, particularly on any designated **European Site of Conservation Importance - Special Areas of Conservation (SAC) and Special Protection Areas (SPA), listed under the Habitats Directive (Council Directive 92/42/EEC on the conservation of natural habitats and of wild fauna and flora)**. In addition, it is Government Policy that Wetlands of International Importance (Ramsar sites) are also considered as European Sites. There is a duty to take reasonable steps to further the conservation and enhancement of nationally designated sites (Sites of Special Scientific Interest (SSSIs)).

12(a). Have you had pre-application correspondence with NRW, its legacy bodies or Natural England? Yes  No

12(a)(i). If Yes, please provide copies of correspondence with application and state which team(s) you have contacted?

12(b). Are any part of the works located *within or likely to affect* a designated conservation site? (SAC, SPA, SSSI or Ramsar) Yes  No

12(b)(i). If Yes, which designated site(s) may be affected?

12(c). Please provide a description of all mitigation measures proposed to avoid any impact on designated conservation sites.

Please continue on a separate sheet if necessary. Please tick if you have done this

12(d). If the works are not located *within or likely to affect* a designated conservation site, please indicated the approximate distance to the nearest designated conservation site.

Please note that if the proposed works are in or within 2km of a European Site of Conservation Importance you will have to provide suitable mitigation measure to avoid any impact on designated conservation sites.

### 13. Other Consents

Please detail all consents that you have applied for or received for these works

Type of Consent	Applied for	To be applied for	Reference Number	Date of Issue and Expiry
<b>Planning Permission under Town and County Planning Act 1990 – From Local Planning Authority (LPA)</b>				
<b>Name and Address of LPA for location of works</b>				
<b>Land Owners Consent</b> such as The Crown Estate Consent		Yes		
<b>Port Authority or Local Harbour permissions</b>				
<b>Other NRW consents</b> such as Flood Defence or SSSI assent		WFD	Consent on receipt of Marine License	
<b>Details of NRW consent</b>	Doc Reference: Appendix B CPP (152093-CGE-CPN-SSD-000001 C01) and <b>EV000702/WFD-000</b>			
<b>Other consents</b> such as Transport and Works Act Order, Section 36 Electricity Act, grant/loan sanction		Yes		
<b>Details of other consents</b>	(Listed Building Consent)			

## 14. Statutory Powers

14(a). Does the applicant have statutory powers to consent any aspect of the project?  
E.g. coast protection authority, dredging powers, statutory undertakers      Yes  No

14(a)(i). If Yes, please give details and state the relevant legislation that gives these powers

Under The Marine Licensing (Register of Licensing Information)(Wales) Regulations 2011 and the Environmental Impact Assessment Directive (Directive 85/337/EEC – as amended) , all information contained within or provided in support of this application will be placed on the Public Register unless NRW approve of the applicant's reasons for withholding all or part.

15. Is there any information contained within or provided in support of this application that you consider should NOT be included on the Public Register on the grounds that its disclosure:

15(a). Would be contrary to the interest of National Security?      Yes  No

15(b). Would prejudice to an unreasonable degree you, or some other person's commercial interest of those of a third party?      Yes  No

If **Yes** to either (a) or (b), please provide full justification as to why all or part of the information you have provided should be withheld

Please continue on a separate sheet if necessary. Please tick if you have done this

## 16. Application Fee

16(a). What are the corresponding fee band for this application? Band 2  Band 3

### 16(b) Band 2 Only

Projects are charged at a fixed fee of £1920. The application will not be processed until the correct fee has been provided.

Please provide the method of payment

Method	Yes (✓)	Reference Number
<b>Cheque</b>		
<b>BACS</b> (not remittance no.)	✓	TBC – Waiting for NRW reference number.
<b>World Pay (phone or CC1)</b>		

Please attach **CC1 Form** with application. Can be found on our web pages

### 16(c) Band 3 Application only

Band 3 applications are charged at on hourly rate of £120 and are invoiced in arrears. Please complete the details below which will be required for invoicing.

Customer Name	Centregreat Rail Ltd
FAO	Stuart Fortey
Purchase order number	
Address for invoice	Cwmbran (Rail) Communications House Grange Industrial Estate Cwmbran Torfaen
Telephone Number	07760 415766
Email Address	Stuart.Fortey@centregreat.net

## 17. Declaration

I declare that to the best of my knowledge and belief that the information given in this application form and supporting documentation is true.

**WARNING: It is an offence under the Marine and Coastal Access Act 2009, under which this application is made, to fail to disclose information or to provide false or misleading information and can invalidate any licence granted.**

Signature MS Date 03/12/21

Name (in capitals) MATTHEW SPEAR

Position in Company SENIOR PROJECT MANAGER

*Applications cannot be processed unless signed by the **Applicant** (not agent), the applicant must have appropriate level of authority within the company.*

**Applications will not be processed unless signed**
