## Notice requiring further information

To: Mr Daniel Jerman  
Cloddiau Farm,  
Kerry,  
Newtown,  
Powys,  
SY16 4DY

Application Number: PAN-001430

Natural Resources Wales, in exercise of its powers under paragraph 4 of Part 1 of Schedule 5 of the above Regulations, requires you to provide the information detailed in the attached schedule. The information is required in order to determine your application for a permit, dated 29/03/2017. The information requested should be sent to the following address by 01/09/2017.

This notice has been sent to your consultant, Mr Stephen Raasch.

Information should be sent to:

Chris Roscoe  
Permitting Service  
Natural Resources Wales  
Cambria House  
29 Newport Road  
Cardiff  
CF24 0TP

Permitting Officer	Date
	04 August 2017

Chris Roscoe, Senior Permitting Officer  
Authorised on behalf of Natural Resources Wales

## **Schedule**

1. The Site Map that you have provided does not show sufficient detail surrounding the location of the proposed new poultry shed to support an evidenced based assessment of your application. Please submit further details of the specific location of the proposed installation's northern poultry shed. This may be submitted on a map of the proposed shed (and its immediate surroundings).
2. Your present Site Map shows your installation boundary cutting across existing fields. Please submit details of the measures that will be applied to contain the ranging birds within the proposed installation's perimeter; making specific reference to regions where the installation perimeter does not follow an established field boundaries (as shown on your submitted Site Map).
3. Your current Site Map shows your installation boundary including areas of Ancient Woodland. Please provide details of the specific measures you will employ to ensure that no adverse impact will be felt by these woodlands, additionally you may review your boundary position.
4. Receptor Point 39 on your ammonia report ("A Report on the Modelling of the Dispersion and Deposition of Ammonia from the Existing and Proposed Free Range Egg Laying Chicken Houses at Cloddiau, near Kerry in Powys") appears to move on the maps when figures 4a and 4b are compared. Please confirm the geographical point where this receptor is located, and whether the following analytical assessment also represents this point.
