## **Schedule 1- changes to the permit**

**Note:** The condition numbers used in this schedule refer to those in the new permit.

The following conditions have been varied as a result of the application made by the operator.

### - Table S1.1:

This table (as referenced in condition 2.1.1) has been amended to reflect the split of activities between the existing and new permit holder, as a result of the part transfer.

### - Table S2.1:

The permitted waste types in this table (as referenced in condition 2.3.2) have been amended to reflect the split of activities between the existing and new permit holder, as a result of the part transfer.

Only waste types suitable for submission to an open windrow composting activity have been included in the new permit.

Annual throughput, as referenced in this table, has been amended to reflect the yearly throughput for the open windrow composting activity only, as permitted by EPR/AB3096CP.

### - Table S3.1:

The process monitoring requirements in this table (as required in condition 3.5.1) have been amended to reflect the part transfer. Only process monitoring in relation to the open windrow composting activity is required in permit EPR/AB3096CP.

## **Schedule 2 – new permit**

New permit issued as a separate document.
