- justifies the specific conditions in the permit other than those in our generic permit template.

A claim for commercial or industrial confidentiality has not been made.

Control of the facility

We are satisfied that the applicant (now the operator) is the person who will have control over the operation of part of the facility after the grant of the permit. The decision was taken in accordance with EPR RGN 1 Understanding the meaning of operator.

Environment Management System

There is no known reason to consider that the operator will not have the management systems to enable it to comply with the permit conditions. The decision was taken in accordance with RGN 5 on Operator Competence. Management on site will remain the same as the previous operators.

Relevant convictions

The National Enforcement Database (COLINS) has been checked to ensure that all relevant convictions have been declared.

No relevant convictions were found.

The operator satisfies the criteria in RGN 5 on Operator Competence.
