Permit number

EPR/MP3130TW

Dolidre Poultry Unit

Permit number EPR/Error! Reference source not found.

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

The Industrial Emissions Directive (IED) came into force on 7th January 2014 with the requirement to implement all relevant BAT conclusions as described in the Commission Implementing Decision. The Intensive Farming BAT conclusions were published on 21st February 2017 in the Official Journal of the European Union following a European Union wide review of BAT.

This variation incorporates the changes required by the Industrial Emissions Directive following a statutory review of permits in the intensive farming sector. This includes the amendment of the wording of several permit conditions relating to notifications, monitoring and reporting. At the same time the permit has been converted into the current EPR Permit format.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Application EPR/MP3130TW/A001	Duly made 14/05/10	
Permit determined	30/07/10	
Variation Application EPR/MP3130TW/V002	Duly made 19/03/15	Application for biomass boilers.
Supplementary Information	Received 19/06/15	Revised site condition report, site plan and biomass boiler information
Supplementary Information	Received 13/07/15	Revised site perimeter plan
Variation determined	23/07/15	Variation issued
Variation issued EPR/MP3130TW/V003	13/04/2018	Natural Resources Wales Variation and consolidation following the implementation of the Intensive Farming BAT conclusions.

End of introductory note
