**Re: Compliance at Bryn Posteg Landfill Site, EPR/BU7766IC**

Dear David,

Natural Resources Wales have now had an opportunity to consider whether you have complied with the requirements of the enforcement notice served on 3 March 2016.

Based on the information provided and evidence gathered on site on the 5 May 2016 we do not believe the terms of the notice have been complied with. Specifically you have failed to comply with:

- Condition 2.9.1 – the requirement to reduce leachate heads on site to 1m or below as stated in the permit.
- Condition 3.3.1 – the requirement to use appropriate measures to reduce or minimise fugitive emissions to prevent pollution.
- Condition 3.4.1 – the requirement to use appropriate measures to reduce or minimise odorous emissions from the site.

We will now consider our enforcement response to these issues. In the interim I would encourage you to take all necessary steps to bring the site back into compliance as soon as possible.

Yours sincerely

**Aled Zachary**  
**Regulatory Officer – Industrial Regulation North & Mid**

Natural Resources Wales

Chester Road, Buckley, Flintshire, CH7 3AJ
