Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit conditions and compliance summary	CCS Category	Condition(s) breached
B3 - Infrastructure - Site drainage engineering (clean and foul)	A

Recent Reports and Returns

IC7 update

Thank you for the updates on 7th September 2017 and 28th February 2018, which included sad news involving the water treatment company. NRW acknowledges the progress made so far, and that discussions with Welsh Water may provide a potential solution to the disposal of ammoniated waste water. We look forward to reviewing progress with this development.

Received on 2nd February 2018: Permit condition 4.2.2 and annual returns (for 2017)

Performance report (monitoring and assessment) and environmental performance. The comprehensive report notes the correlation between load and emissions (particularly NOx). Performance of the two units has been good and emissions well within limits. No complaints were received and liaison with the local community is ongoing and remains positive.

Received on 27th April 2018

Quarter 1, IED CON2 (Jan – March 2018)

Received on 5th July 2017: Permit condition 4.2.2 (for 2016):

Performance report (monitoring and assessment) and environmental performance. This report provided a good overall review of the site performance in 2016 and included key points in events relating to permit compliance over the year. There were no significant issues raised.

Received on 23rd August 2017 for units 10 and 20: IED PM1 forms for Jan – June 2017

Received on 25th April 2017 for units 10 and 20: CON2 (January - March, Quarter 1)

Received on 26th July 2017 for units 10 and 20: IED CON2 (April – June, Quarter 2)

Received on 2nd November 2017 for units 10 and 20: IED CON2 (July – September, Quarter 3)

Received on 2nd February 2018: Annual Returns (6 monthly and quarterly), 2017 for units 10 and 20: IED CON2 (October - December, Quarter 4), AR1, PM1 (6 monthly), HR1, Water1, S4.2

Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

Other than the provision of advice and guidance, at present we do not intend to take further enforcement action in respect of the non-compliance identified above. This does not preclude us from taking enforcement action if further relevant information comes to light or advice isn't followed.

Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

Criteria Ref.	CCS Category	Action required/advised	Due Date
See Section 1 above			

Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply

Non-compliance scores and categories
