Dear NRW Colleague,

MARINE AND COASTAL ACCESS ACT 2009: PART 4 MARINE LICENSING

Swansea Marina Maintenance Dredging

The Natural Resources Wales Permitting Service (NRW PS) has received documents submitted by Anthony D Bates Partnership LLP, for the purpose of discharging condition 3.19.2 of Marine Licence DML2042v2 in relation to the above stated works.

The following information is attached for your review:

- Marine Licence DML2042v2
- Biosecurity Risk Assessment WID Template R3 2021_12_16

The condition and the reason for its inclusion in the licence is/are:

- 3.19.2 The Licence Holder must submit an updated Biosecurity Risk Assessment to the Licensing Authority for written approval by the 31 January each year, starting January 2022.

Reason: To minimise the risk of spread of invasive non-native species.

I would be grateful for any views that you may have regarding the information submitted to help inform our consideration of the discharge of the above stated conditions.

Consultation Response Due

A response to this consultation letter is required within **14 days** of the date of this letter, this being **20 January 2022**, for any comments you may have.

If I do not hear from you by this date, I shall assume you have no comments to make.

Please send your response electronically where possible to:

william.cooke@cyfoethnaturiolcymru.gov.uk

Public Register

I would advise you that any information you provide in relation to the application is liable to be made available through our Public Register unless you specifically request otherwise.

Enquires

Should you wish to discuss any aspect of this Licence please do not hesitate to contact me quoting reference number: **DML2042v2**

Thank you for your assistance.

Yours sincerely

Will Cooke

Marine Licensing Team
