HR2 8QQ

Our ref: PAN-003848

Date: 8th January 2019

Dear Mr Raasch

We need more information about your application

Application reference: PAN-003848
Operator: Mr Robert Powell and Mr Cyril Powell
Facility: Blaenbwch Farm

Thank you for your application received on 16/11/2018.

We need to ask you for some more information before we can do any more work on it. Please would you provide the following:

- The declaration has been completed by a Mr Dion Edwards and Mr Robert Edwards (Edwards Brother) but Part A states the operator is to be Powell Brothers, Mr Robert Powell and Mr Cyril Powell. Please ensure the declaration in F1 is completed by the relevant people. Relevant people means each applicant. Partnership names are not legal people and can not hold the permit.
- The site address in part B2 is for Pencraig Fawr in Denbighshire but other documents including the modelling report and site plans are for Blaenbwch Farm in Builth Wells. Please amend the site name and address in the B2 form and provide an accurate National Grid Reference (NGR) for the site. Pencraig Fawr is also listed in Table 1a on part B3. Please amend.
- Complete 3c finances question in part B2.
- The modelling report of the deposition and deposition of Ammonia from the proposed Broiler chicken rearing houses details that there will be 90,000 Broilers. Part B2 and the non-technical summary state that there will 100,000 Broilers. Please amend the modelling report as necessary to reflect the correct number of Broilers.
- You have submitted a brochure for a poultry air scrubber. This has not been accounted for in the modelling assessment report. You need to include

evidence on how the air scrubbing treatment will improve the emission quality and what this will mean in terms of % of critical level/load. Please amend modelling report.

- Table 2 (Emissions) in part B3 and the Directly Associated Activities Table 1a doesn't include the air scrubbers. Please amend tables to include this.
- Section 4 (Monitoring) of Part B3 will need to be completed as having a poultry air scrubber.
- Our records indicate that there are Threatened Bryophytes at the Mynydd Epynt SAC and so a critical level of 1 µg-NH₃/m³ should be used. Please amend modelling report.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

If you email or write to us please quote the application reference **PAN-003848** on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Please quote our reference if you contact us. If you have any questions please phone me on 03000 654552 or email Kirsty.Thomas@naturalresourceswales.gov.uk.

Yours sincerely

Kirsty Thomas
Senior Permitting Officer
