Dear Sir / Madam,

Environmental Permitting (England and Wales) Regulations 2010 (as amended)
Administrative Variation Application – Neal Soils Suppliers Limited
Environmental Permit EPR/VP3095FS

I am writing to apply for an administrative variation to Environmental Permit EPR/VP3095FS/V010 for three minor text amendments to Table S1.1 Activities and pre-operational condition 1 table S1.4B, to the above permit. The required changes were discussed and agreed at a meeting held at the NRW St Mellons office 16/07/2015, the minutes of which are appended to the application.

Table S1.1 Activity Reference A1 Wash Plant and Activity Reference A2 Wash Plant reference pre-operational condition 1 table S1.4B. However pre-operational condition 1 in Table S1.4B refers to the Soil Processing Activity only.

Firstly the administrative variation is to remove the reference to pre-operational condition 1 of Table S1.4B from Activity Reference A1 in Table S1.1.

Currently Activity Reference A2 (storage of hazardous and non-hazardous waste) in Table S1.1 directly links to pre-operational condition 1 of Table S1.4B (storage of non-hazardous waste). For clarity, the wording of Activity Reference A2 requires adjustment to demonstrate pre-operational condition 1 links to the storage of non-hazardous waste only.

Lastly the operation of the wash plant should be included within the pre-operational condition 1 in Table S1.4B.

Yours sincerely
For RPS
