2<sup>nd</sup> November 2015

Dear Sir / Madam,

**Application to Transfer Permit Number EPR/DP3037EU**

Please find enclosed an application to transfer permit number EPR/DP3037EU from Biffa Waste Services Limited to Enviroparks (Wales) Ltd. The site is still currently under construction and hence the Permitted operations have not commenced.

Although we are not aware of a site officer from Natural Resources Wales having yet been appointed for the operation, we have discussed the proposed transfer with Paul Gibson; South West Team Leader.

Enviroparks (Wales) Ltd are working towards a fully Integrated Management Plan but in the interim the installation will be managed in accordance with the management plan included with this application and the existing application documents. As updated and amended through the implementation of the Integrated Management Plan, and in any event prior to commencement of the permitted operations at the site, modified documents will be provided to and agreed with Natural Resources Wales. This has been confirmed in principal with Paul Gibson.

**Enviroparks (Wales) Limited**

# enviroparks

There are likely to be changes to the management and staff at the site as a result of the transfer from Biffa Waste Services to Enviroparks (Wales) Limited, and the current Company Organogram for Enviroparks (Wales) Limited has been provided within the Management and Operations Plan. The technically competent manager for the new operator will be Bernard Sulek and a copy of his certificate of technical competence is enclosed.

The application fee of £4,971 has been paid by electronic transfer on 02<sup>nd</sup> November 2015 (reference: PSCAPPENVIR211)

Finally, we also enclose an updated OPRA spreadsheet for the installation, showing the details of the proposed new operator.

As required, we have sent three copies of all documents, and an electronic version of this application has also been e-mailed to you by our consultant, Amanda Owen (see e-mail to [permitreceiptcentre@naturalresourceswales.gov.uk](mailto:permitreceiptcentre@naturalresourceswales.gov.uk) dated 2<sup>nd</sup> November 2015).

We trust that the enclosed documents include all of the information that you require to determine the transfer of the permit but should you require further information please let me know, or contact our Environmental Consultant Amanda Owen on 07970 712243.

Yours faithfully,

Mr David Williams.  
Managing Director.  
Enviroparks (Wales) Limited.
