Dyffryn Business Park
Ystrad Mynach
Hengoed
CF82 7TS

Our ref: PAN-000243
Your ref:

Date: 12th May 2016

Dear Dr Jenkins

We need more information about your application

Application reference: PAN-000243
Operator: Biotage GB Limited
Facility: Biotage GB Limited, Unit C Distribution Way, Dyffryn Business Park, Ystrad Mynach, Hengoed, CF82 7TS

Thank you for your application received on 21st April 2016.

Unfortunately I need to ask you for some more details before I can decide whether it's duly made or not.

Please would you provide us with answers / more information on the following:

1. Question 2c of application form Part C2 has not been completed. Please confirm whether or not you would like a consolidated permit to be produced as part of this variation;
2. The site plans given in the application do not show the locations of the emission points and the installation boundary on one document. Please provide a single site plan that shows the installation boundary, the emission points to air and the new emission points to sewer on one plan;

Croesewir gohebiaeth yn y Gymraeg a'r Saesneg
Correspondence welcomed in Welsh and English

3. There is no description in the application of the changes you wish to make with regard to the emissions to air emission limit values (i.e. changing from periodic to mass emission ELVs to account for variation in emissions due to high releases during batch reactions). Please provide a description of these changes and a description of your processes including annual operating times, so that we can consider this information in relation to the change to mass emission ELVs;
4. With reference to the air emissions data used in the H1 assessment. Some of the input parameters used in the air assessment section for emission points A1 to A4 are different to the measured parameters given in the Environmental Compliance Limited periodic monitoring report dated 29th April 2015. In particular the efflux velocity quoted in the H1 for A2, and the volumetric flow rate for A4, appear to be lower than the corresponding figures in the ECL report. Please provide justification for the figures used in the H1 assessment.

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee paid. The additional information should be emailed to me at victoria.seller@cyfoethnaturiolcymru.gov.uk, or, alternatively, please post it to the address given above.

If you have any questions please phone me on 03000 654588 or email victoria.seller@cyfoethnaturiolcymru.gov.uk.

Yours sincerely

Victoria Seller
Senior Permitting Officer (Regulated Industry)
