Dear Sirs

Permit ref. EPR/EP3830GH – Standard Variation, Liberty Steel Newport Limited

Please find enclosed a paper copy and an electronic copy of an application for a Standard Variation for the Liberty Steel Newport Limited site in Newport (permit ref: EP3830GH).

The application includes the application forms, supporting reports, and an OPRA spreadsheet.

Liberty Steel Newport have arranged for an electronic payment of the £24,567 for the standard variation of the permit. The reference for the BACS payment is BX15121435295638, and should be received on 15th December 2015.

Please note that this application for waste storage on site is being submitted in conjunction with the variation of the permit with regards to the Industrial Emissions Directive (IED); as agreed with Gareth Edwards of NRW on 18th November 2015. It is understood that the IED related updates will be made by the NRW as part of this Standard Variation, and no further details are provided. The details of the proposed waste storage activity is included in the attached application documents.

If you have any questions regarding the application, please contact myself using the details below, or Richard Steed of Liberty Steel Newport Ltd at richard.steed@simec.com.

Yours faithfully

For **AECOM Infrastructure & Environment UK Limited**
