Date: 04th January 2018

Subject: Solutia UK Ltd, Newport Chemical Complex – EPR Permit Number: BR9715IB
Confidentiality Request. Permit Ref: EPR/BR9715IB/2, and Variation
Application Ref: PPN-00182

Enclosed with the above referenced application is an Air Quality impact assessment which contains process emission information (namely temperatures, flowrates, and exact locations) that could be used to determine process specifics. As such, it is requested that this document, or respective sections thereof, be designated with the appropriate confidentiality restrictions as per the initial application for the Therminol 3 plant
