

## Schedule 1

### Notification of Unauthorised Release

**Operator:** Tata Steel Strip Products UK

**Authorisation:** BS3905      **Location:** Llanwern works  
Newport  
South Wales  
NP19 4QZ

**Date Submitted:** 08th October 2015

| PART A                                                                                                                                                                                                                                                                                                       |
|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <ul style="list-style-type: none"><li><b>Name of the prescribed substance or other substance which might cause harm</b></li></ul> <p>Elevated emission level to atmosphere of HCl (Hydrochloric Acid) from the Pickle Line 2 process, EPR Emission Point ref: A7</p>                                         |
| <ul style="list-style-type: none"><li><b>Time, date and location of the release</b></li></ul> <p>The sampling exercise that identified that the emissions were above the consent limit was conducted on the 15/09/2015</p>                                                                                   |
| <ul style="list-style-type: none"><li><b>Best estimate of the quantity of the substance released, or the rate of release and the time during which the release took place</b></li></ul> <p>The concentration level recorded was: 24.0 mg/Nm<sup>3</sup> Vs EPR specified limit of 10.0 mg/Nm<sup>3</sup></p> |
| <ul style="list-style-type: none"><li><b>Additional information</b></li></ul> <p>Further investigation information to follow in Part B</p>                                                                                                                                                                   |
| <ul style="list-style-type: none"><li><b>Measures taken, or intended to be taken to stop the release</b></li></ul> <p>Investigations into possible cause have been initiated, and a repeat sampling exercise requested at the earliest available opportunity</p>                                             |
