Dear Mr Butler

We need more information about your application

Application reference: PAN-000869
Operator: Biomass UK No. 2 Limited
Facility: Barry Energy Production Facility, Woodham Road, Barry, CF63 4JE

Thank you for your application received on 25th October 2016.

Unfortunately I need to ask you for some more details before I can decide whether it's duly made or not, as follows:

- In relation to the Opra spreadsheet submitted. The current version of Opra, as provided on our website, has not been used and therefore the application fee is incorrect. **Please resubmit the Opra spreadsheet using the current version and arrange for payment of the additional portion of the application fee of £535.** The current version of the Opra spreadsheet is available via this link: <https://naturalresources.wales/how-we-regulate-you/our-charges/?lang=en>; and
- In relation to section 5 of application form Part F, you have indicated that you would like us to treat the information in the application as confidential, however, you haven't included any justification with your application. **Please provide justification for this request.** Guidance on how to complete this process can be found in our guidance on completing form Part F1, which is available on our website. Further guidance can

also be found in Section 14 of Defra's Core Guidance on Environmental Permitting; and

- In relation to the site plan (document ref. BUK202), the background features are indistinct and as such it is not possible to determine where the installation is located in relation to its surrounds. **Please re-submit a site plan that clearly shows the features of the installation (including emission points and installation boundary) in the context of its surrounding area;** and
- In relation to the emissions to air impact assessment and human health risk assessment, there are several industrial units and footpaths immediately to the west of the site that have not been included as sensitive receptors in the modelling assessment. **Please update and resubmit the air impact assessment and human health risk assessment model to include these receptors;** and
- In relation to the operator, Biomass UK No. 2 Ltd., and based on discussions at the pre-application meeting held in February this year, the application doesn't adequately demonstrate that this company will have control over operation of the installation. **Please demonstrate that Biomass UK No. 2 Ltd. will have control of the installation using the guidance given in the Environment Agency document 'RGN 1: Understanding the Meaning of Operator.'**

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee paid. The additional information should be emailed to me at victoria.seller@cyfoethnaturiolcymru.gov.uk, or, alternatively, please post it to the address given above.

If you have any questions please phone me on 03000 654588 or email victoria.seller@cyfoethnaturiolcymru.gov.uk.

Yours sincerely

Victoria Seller
Senior Permitting Officer (Regulated Industry)
