## NOTE:

1. The transfer of an emission allowance which results in a participating plant having an emission allowance of zero or less than zero is void and will not be recorded by the Environment Agency in the TNP Register.
2. A part of an emission allowance allocated for a particular calendar year can only be transferred during that calendar year or up to and including 31 March in the following year.
3. The IED TON1 form must be correctly completed, showing the names of the authorised staff from both the divesting and the acquiring operator and submitted electronically to the Environment Agency within 5 working days of the date on which the transfer was made. Failure to do so will result in the Environment Agency not recording the transfer in the TNP Register.
