Our ref: PAN-004384

Date: 8th February 2019

Dear Mr Colebrook

We need more information about your application

Application reference: PAN-004384

Operator: CeramTec UK Limited

Facility: CeramTec UK Limited

Thank you for your application received on 10/01/2019

We need to ask you for some more information before we can do any more work on it.
Please would you provide the following:

- Provide a copy of the sites Trade Effluent Consent it has with Five Fords sewage treatment works.
- The supporting information details that *fumes will be vented to an existing stack for occupational exposure control. The principal low level emission is expected to be slightly acidic water. With a semiautomated process any evolution of even occupational level fumes is expected to be further reduced from the low level experienced at the Southampton site.* Can you confirm any emissions to air will have a negligible effect?
- The Directly Associated Activity (DAA), the electroless nickel plating process is part of the installation and so needs to be included in the installation boundary on the site map. You must send us a site plan that identifies all of the land on which your activities will take place.
- The maximum discharge for the current process is 10.5 m³ per day. The maximum discharge including the proposed process is 10.55 m³ per day (There will be approximately 1m³ of wash water produced per month). Can you confirm if there will be a monthly batch discharge or constant small discharge per day?

Please reply within 10 working days from the date of this letter. If we don't hear from you we must return your application and fee.

Correspondence welcomed in Welsh and English

If you email or write to us please quote the application reference **PAN-004384** on any correspondence and send it to the relevant address below.

When we receive the missing items we'll continue to check the details in your application. If there's enough there for us to begin the process of deciding whether or not we can grant your application we say the application is 'duly made' and we'll let you know this by letter.

Please quote our reference if you contact us. If you have any questions please phone me on 03000 654552 or email Kirsty.Thomas@naturalresourceswales.gov.uk.

Yours sincerely

Kirsty Thomas
Senior Permitting Officer
