Dear Mr. Ashcroft,

The Environmental Permitting (England and Wales) Regulations 2016
Appeal by: Hazrem Environmental Limited
Site: Nine Mile Point Industrial estate, Cwmfelinfach, Caerphilly, NP11 7HZ

I am writing to inform you that the above appeal has been submitted. The applicant has informed the Planning Inspectorate that a copy of the appeal documentation has been sent to you directly. I am your case officer and if you have any questions please contact me. Please quote the above appeal reference number on all future correspondence.

As you will be aware from the appeal form, the appellant has chosen the written representation procedure as their preference as to how the appeal will proceed. From reviewing the evidence submitted, it appears that there is a large amount of technical evidence that the Inspector will need to consider as well as the scheme potentially being controversial with a lot of public interest. In view of this the Planning Inspectorate considers that the Inquiry procedure is the most suitable procedure to deal with the appeal.

However, before proceeding we would welcome your comments on the most suitable procedure for the appeal.

Please can I have your comments on the most suitable appeal procedure by Friday 21 April 2017. If agreeable to the Inquiry procedure, please can I also have your thoughts on the length of the Inquiry.

Yours sincerely,

Nigel Turner

Nigel Turner
Case Officer
