

Notice of variation and consolidation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

Castle Waste Services Limited

Roath Dock Treatment and Recycling
Centre
Old Clipper Road
Roath Dock
Cardiff
CF10 4LX

Variation application number
EPR/LP3439HM/V003

Permit number
EPR/LP3439HM

Roath Dock Treatment and Recycling Centre

Permit number EPR/LP3439HM

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This variation allows the facility to undertake waste treatment activities including treatment of waste oils for recovery and physico-chemical treatment of wastes. Wastes treated by physico-chemical treatment consist of liquid waste acids, alkalis and sludges. These wastes are treated by neutralisation, precipitation and filtration.

The main focus of activities is the newly added treatment of Air Pollution Control residues (APCr) from incinerators by removal of the soluble content by washing. The facility will have the capability to produce two specifications of material. It will produce either a synthetic gypsum material or a material with high residual lime content which can be used as a cement substitute.

The addition of these activities does not pose any greater environmental risk nor does it lead to increased emissions.

In future Castle Waste Services wish to include a cement blending operation. This will allow the site to use and mix bulk cement and prepare ready-made concrete products.

Schedule 1 to the Environmental Permitting Regulations has been updated by the Environmental Permitting (England and Wales) (Amendment) Regulations 2013 to reflect the implementation of the Industrial Emissions Directive into England and Wales. This variation also implements the changes made to Schedule 1 of the Regulations into Table S1.1 of the permit. Table S1.1 specifies the activities authorised by the permit.

The operator has also requested that the installation name be changed to Roath Dock Treatment and Recycling Centre.

The above changes have been incorporated into a consolidated permit.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit

Description	Date	Comments
Application PPC/JP3231SW	Duly Made 31/10/05	
Request for clarification of information (technical description of treatment process)	Request dated 09/02/06	Information received: 17/02/06 01/03/06 Meeting with applicant's consultant 07/03/06
Request to extend determination	Request dated 21/02/06	Request accepted 02/03/06
Revised site plan showing zoning	Request dated 07/03/06	Received 07/03/06
Permit PPC/JP3231SW determined	06/06/06	
Variation application PPC/UP3339UP Received	20/02/07	
Variation PPC/UP3339UP application fee received and application duly made	13/03/07	
Variation PPC/UP3339UP determined	27/03/07	Permit number remains as PPC/JP3231SW
Transfer Application EPR/LP3439HM/T001 (full transfer of permit PPC/JP3231SW)	Duly Made 18/08/10	Full transfer, limited change of management.
Transfer EPR/LP3439HM determined	24/08/10	Transfer notice issued. Permit number changes to EPR/LP3439HM
Variation application EPR/LP3439HM/V002	Duly Made 16/08/12	Application to add waste codes to the permit
Variation determined EPR/LP3439HM/V002	24/08/12	Variation notice issued. Permit number remains as EPR/LP3439HM
Application EPR/LP3439HM/V003 (variation and consolidation)	Duly made 09/04/2013	Application to vary and update the permit to modern conditions.
Additional information requested	21/05/2013	Schedule 5 Notice sent
Additional information received	12/06/2013	Response to Schedule 5 Notice
Variation determined EPR/LP3439HM/V003 Permit number EPR/LP3439HM	15/08/13	Varied and consolidated permit issued in modern condition format.

End of introductory note

Notice of variation and consolidation

The Environmental Permitting (England and Wales) Regulations 2010

The Natural Resources Body for Wales ("Natural Resources Wales") in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2010 varies and consolidates

permit number

EPR/LP3439HM

issued to

Castle Waste Services Limited ("the operator")

whose registered office is

Treatment Centre

Crompton Road

Ilkeston

Derbyshire

DE7 4BG

company registration number **01359619**

to operate a regulated facility at

Roath Dock Treatment and Recycling Centre

Old Clipper Road

Roath Dock

Cardiff

CF10 4LX

to the extent set out in the schedules.

The notice shall take effect from 15/08/2013

Name

Date

	15 August 2013
---	-----------------------

Eirian Macdonald, Principal Permitting Team Leader

Authorised on behalf of Natural Resources Wales

Schedule 1

All conditions have been varied by the consolidated permit as a result of the application made by the operator.

Schedule 2 – consolidated permit

Consolidated permit issued as a separate document.
