Application for New Bespoke Permit
Recycling Equipment UK Ltd.

Dear Sir / Madam

27 July 2016

I enclose an application for a waste bespoke permit and the following forms and associated documents are attached – Part A, Part B2, Part B4 and Part F1.
I confirm that I have paid particular attention to your letter reference PAN-000253 dated 16 May 2016 and have met the matters raised by your M/s Hannah Loughlin in that letter.

Please note in the application documents the statement regarding the previous application being withdrawn and the application fee being allowed to remain as Application Reference Number WPCC4692.

I also wish to highlight document GS doc 9a which relates to the applicant (Mr G, Samuel) having been out of the country for some time and the delay in him progressing with his Certificate on Continuing Competence . May I suggest that processing this permit application continue and that the final decision be held until Mr Samuel receives notification of his Continuing Competence which will be forwarded to you as soon as possible.

In the meantime, if any matters require clarification, please contact the undersigned noting my change in e-mail address from previous correspondence.

Yours Faithfully.
