### **Introductory note**

#### **This introductory note does not form a part of the notice**

The following notice gives notice of the transfer in part of an environmental permit to a new operator (the transferee).

The part transfer has resulted in the change of operators of the broiler shed activities located at Stud Poultry Farm. The broiler shed activities will now be operated by Topmoor Poultry Ltd following this partial transfer. The Biomass Boiler will be retained on the permit held by the existing Operator (Stud Farm (Poultry) Limited) and the permit will be changed to a “directly associated activity” permit.

Any changes made as a result of the transfer are set out in Schedule 1.

The status log of a permit sets out the permitting history, including any changes to the permit reference number
