IPPC Pig and Poultry Assurance Scheme: Additional information required

Dear Mr Morgan

Thank you for taking part in the inspection by your Farm Assurance Certification Body on the 26th of August. The information collected by the inspector indicates there were only two issues that will need addressing in order to comply fully with the permit:

- 1) An identification notice with the required information is needed at or near the site entrance
- 2) An inspection and maintenance programme for structures and plant is needed.

Please call me on the number below so we can address these two issues.

Yours sincerely
