

Notice of variation with introductory note

Environmental Permitting (England & Wales) Regulations 2010

Castle Cement (Padeswood) Limited

Padeswood Landfill
Padeswood
Mold
Flintshire
CH7 4HB

Variation application number
EPR/BP3594FN/V007

Permit number
EPR/BP3594FN

Padeswood Landfill

Permit number EPR/BP3594FN

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is a regulator initiated variation of a tier 3 landfill permit to:

- incorporate the closure report approved by Natural Resources Wales;
- reduce the waste input for disposal to zero;
- include a condition requiring the operator to maintain a closure and aftercare management plan;
- add improvement conditions relating to submission of final groundwater control limits and a review of the Hydrogeological Risk Assessment (HRA) for the site.

This permit variation reflects the status of the site as being in definite closure.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit		
Description	Date	Comments
Waste Disposal Licence issued No 152/77	04/11/87	Original waste disposal licence for landfill activity issued to Castle Cement (Padeswood) Limited.
Modification determined EAMWL 37012 (formerly Waste Disposal Licence No 152/77) (V002)	15/03/95	Regulator initiated variation to add conditions 7-11 inclusive.
Modification determined (V003)	17/03/97	Regulator initiated variation to delete condition 1- licence expiry date
Modification determined (V004)	20/03/98	Regulator initiated variation to amend condition 9 and add condition 12.
Modification determined (V005)	22/03/99	Regulator initiated variation to amend conditions 7 and 10, and delete conditions 8 and 9.
Modification determined (V007)	25/10/00	Regulator initiated variation to add conditions 13-15 inclusive.
Variation initiated EPR/BP3594FN/V007 (formerly EAWML 37012)	20/04/16	Natural Resources Wales initiated variation received to reflect the status of the site as being in definitive closure.
Variation determined EPR/BP3594FN	25/05/16	Variation to reflect the status of the site as being in definite closure issued.

End of introductory note

Notice of variation

company registration number 01204831

to operate a regulated facility at
Padeswood Landfill
Padeswood
Mold
Flintshire
CH7 4HB

to the extent set out in the schedules.

The notice shall take effect from 25/05/2016

Name	Date
Holly Noble	25/05/2016

Authorised on behalf of Natural Resources Wales

Schedule 1 – conditions to be deleted

None.

Schedule 2 – conditions to be amended

11. No waste shall be accepted for disposal within the facility.

Schedule 3 – conditions to be added

16 Operations

- 16.1 The operator shall maintain a closure and aftercare management plan.
- 16.2 (a) The activities shall, subject to the conditions of this permit, be operated using the techniques and in the manner described in the documentation specified in Table 16.2a, unless otherwise agreed in writing by Natural Resources Wales.
- 16.2 (b) If notified by Natural Resources Wales that the activities are giving rise to pollution, the operator shall submit to Natural Resources Wales for approval within the period specified, a revision of any plan or other documentation (“plan”) specified in Table 16.2a or otherwise required under this permit which identifies and minimises the risks of pollution relevant to that plan, and shall implement the approved revised plan in place of the original from the date of approval, unless otherwise agreed in writing by Natural Resources Wales.

Table 16.2a Operating techniques		
Description	Parts	Date Received
Hanson Cement Works- Padeswood Landfill Site- Landfill Closure Report- Report number- 1419741.501/A0.1	All	22/09/15

16.3 Improvement programme

- 16.3.1. The operator shall complete the improvements specified in Table 16.2b by the date specified in that table unless otherwise agreed in writing by Natural Resources Wales.
- 16.3.2 Except in the case of an improvement which consists only of a submission to Natural Resources Wales, the operator shall notify Natural Resources Wales within 14 days of completion of each improvement.

Table 16.3b Improvement programme requirements table		
Reference	Requirement	Date
IPC1	Undertake 12 months monitoring for borehole BH14	30/06/17
IPC2	Propose final groundwater control limits for downgradient boreholes based on results from IPC1	30/06/17
IPC3	Submit of a review of the sites Hydrogeological Risk Assessment	31/12/16
