Dear Deborah Carlin

Further to our conversation this morning this letter confirms details of you next site inspection.

This visit will take place on 18th of January to carry out a PPC Poultry compliance visit to the following sites: St Pierre, and Langstone farm (Kilreague to be confirmed). We will look in depth at your permit and recent works carried out onsite. We will also concentrate on how your permit relates to the management of your facility.

Before the visit I recommend you re-familiarise yourself with your permit and the associated document "How to comply, Guidance for intensive pig and poultry farmers." If you do not have one of these a copy can be found on the Environment Agency web site. Type the following into your address bar on your internet.

http://www.environment-agency.gov.uk/static/documents/Business/ippc_comply_0406_1397535.pdf

Any breech of the licence will be recorded and depending on the severity may affect your annual charge. Enclosed is document which explains this.

If you have any problems regarding this letter please contact me on the number below.
