

KEY

- Substation Zone
- Development Boundary
- 1km Radii
- Proposed Substation 3km Study Area
- Proposed Cable Routes 1km Study Area
- Pembrokeshire Coast National Park
- Greenlink Converter Station
- Panorama with Wireline (90°HFOV)
- Photomontage (53.5°HFOV)

Theoretical Visibility (as a percentage) of a large number of gridded points arranged across the upper surface of the maximum substation 3D envelope

- 1 - 20%
- 21 - 40%
- 41 - 60%
- 61 - 80%
- 81 - 100%

Substation 3D envelope height: 15m
DTM: OS 15
DTM resolution: 5m
Observer height: 2m
Surface features: Excluded
Earth curvature: Included
Finished Floor Level for this Substation Zone was modelled at 47.15m AOD height.

0 250 500 m
Scale 1:20,000 @ A3
