

# **Notice of variation and consolidation with introductory note**

The Environmental Permitting (England & Wales) Regulations 2010

---

Derwen Plant Company Limited

Derwen Plant Company Limited  
Neath Abbey Wharf  
Skewen  
Neath Port Talbot  
SA10 6BL

Variation application number  
EPR/FP3893SF/V002

Permit number  
EPR/FP3893SF

# Derwen Plant Company Limited

## Permit number EPR/FP3893SF

### Introductory note

**This introductory note does not form a part of the notice.**

The following notice gives notice of the variation and consolidation of an environmental permit.

This is an operator initiated normal variation to delete all conditions of standard rules permit SR2008No3 (household, commercial and industrial waste transfer station with treatment) and replace with bespoke permit conditions and add storage of asbestos waste. We have also added a refused derived fuel (RDF) facility to the permit and increased the permitted area. Further details can be found in the variation notice with conditions.

The licence holder name has been changed as an administrative regulator initiated variation to match that of companies house as the original permit was incorrect.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Description	Date	Comments
Permit determined EPR/FP3893SF/A001	09/03/10	Standard Rules Permit SR2008No3-household, commercial and industrial waste transfer station with treatment issued to Derwen Plant Company Limited.
