**Eich cyf/Your ref:**

**Dyddiad/Date 23 August 2016**

Dear Mrs. Young,

**Environmental Permitting (England & Wales) Regulations 2010  
Jay Metals, Wern Glyd, Cilrhedyn, Llanfyrnach SA35 0AG**

As agreed during our meeting on the 15 April 2016, we sought legal advice if your point source discharge is authorised under your standard rules permit SR2012No14. The legal response was forwarded to you by email on the 15 August 2016. The point source discharge from the oil interceptor under existing drainage at the site is not in accordance with the conditions of the permit.

This is a breach under the Environmental Permitting (England & Wales) Regulations 2010.

We have decided to serve a Regulation 36 Notice in order to bring the site into compliance with the permit.

Failure to comply with the attached notice may result in enforcement action being taken against Jay Metals.

Please contact me if you have any query regarding this notice.

Yours sincerely,

**Cathy Lloyd  
Environment Officer  
Direct dial 03000653555**

Enc.
