

«Holder_Name»
«Address»

Our ref: EPR/«EPR»

Date: 14 June 2016

Dear Permit Holder,

Mobile plant deployment- change to application fees

Permit reference: EPR/«EPR»
Operator: «Holder_Name»

Performance related deployment application fees have been set out in our Environmental Permitting Charging Scheme & Guidance for a number of years, but has never been implemented.

The charging scheme allows us to adjust the basic deployment application fee, depending on the operator's compliance rating. This is set out in the table below:

Compliance band	A	B	C	D	E	F
% of basic fee	100%	100%	110%	125%	150%	300%

It is important that those operators who perform well are rewarded for reducing the risk to the environment as well as ensuring we recover the costs of assessing all types of deployments, and undertaking compliance monitoring that is proportionate to the environmental risk.

This letter is to provide you with notice that we intend to implement this compliance rating adjustment to deployment application fees in Wales from 1st October 2016.

You should be aware of your compliance rating through your compliance assessment reports sent to you by the National Lead Officer for your permit. If you are unaware of who your National Lead Officer is, or what your compliance rating is, please phone our Customer Services Centre on 0300 065 3000. They will put you in touch with your National Lead Officer.

Yours sincerely

Holly Noble
Waste permitting Team Leader
