Cyfoeth Naturiol Cymru Natural Resources Wales

Compliance Assessment Report

Report ID: CAR_NRW0033566

This form will report compliance with your permit as determined by an NRW officer					
Site	Safetykleen Broughton	Permit Ref	WP3694FZ		
Operator/Permit holder	Safety Kleen U K Ltd				
Regime	Waste Operations				
Date of assessment	18/06/2018	Time in	12:33	Out	13:22
Assessment type	Site Inspection				
Parts of the permit assessed	See below				
Lead officer's name	Challender, Paul				
Accompanied by					
Recipient's name/position	Paul Sandilands/ Site Manager	Date issued	04/07/2018		

Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations or the licence under the Water Resources Act 1991 as amended by the Water Act 2003. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit conditions and compliance summary	CCS Category	Condition(s) breached
A1 - Specified by permit	A	
B1 - Infrastructure - Engineering for prevention and control of emissions	A	
B3 - Infrastructure - Site drainage engineering (clean and foul)	A	
B4 - Infrastructure - Containment of stored materials	A	
C4 - General Management - Storage, handling labelling and Segregation	A	
D1 - Incident Management - Site security	A	
D2 - Incident Management - Accidents, emergency and incident planning	A	
G4 - Monitoring and Records, Maintenance and Reporting - Reporting and notification to Natural Resources Wales	A	

KEY: See Section 5 for breach categories, suspended scores will be indicated as such.
A = Assessed or assessed in part (no evidence of non-compliance), **X** = Action only,
O = Ongoing non-compliance, not scored.

Number of breaches recorded	**0**	**Total compliance score** (see section 5 for scoring scheme)	0

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- The part(s) of the permit that were assessed (eg. Maintenance, training, combustion plant, etc)
- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- Any non-compliances identified
- Any non-compliances with directly applicable legislation
- Details of any multiple non-compliances
- Information on the compliance score accrued inc.
- Details of advice given
- Any other areas of concern
- Any actions requested
- Any examples of good practice
- A reference to photos taken

This was a routine unannounced inspection of the site by Environment Officer (EO) Paul Challender. The Site Manager Paul Sandilands escorted the officer throughout the inspection. During the inspection, the weather was warm and still.

The site was busy at the time of inspection with an operative conducting his duties and vehicles being accepted onto site. The yard and storage areas were well ordered and tidy with good segregation and labelling of materials.

Bunds, condition and fall of the impermeable surface were in good order. All buildings designated for the storage of highly flammable/explosive wastes were fully bunded and in weather proof condition. Waste streams were discussed; detailing how differing waste types were stored, labelled and segregated. Some waste drums that had become damaged were highlighted by Mr Sandilands and he explained how they had been placed in over drums for safe storage and onward transfer as per the site procedure.

Physical site security was in good order with the perimeter being secured with a mix of razor wire topped walls and fencing and camera and sensor systems installed.

During the inspection one of the operator's approved suppliers, an Upper Tier waste carrier, attended site to remove waste oils from the facility. The inspecting officer witnessed the transfer of a portion of the stored waste oils and was provided with the consignment note for the transfer via email after the inspection. All appeared to be correct with this transfer and it's supporting paperwork.

The inspecting officer was also made aware of a fire emergency grab bag that had been implemented. Discussions took place regarding how other operators are installing an offsite fire box containing documents that would be relevant to the Fire & Rescue Service if they had to attend and incident at the site.

Mr Sandilands mentioned the possibility of varying the permit at this site. Please see the following link for advice and guidance on the variation process:

https://naturalresources.wales/permits-and-permissions/waste/waste-permits/apply-to-vary-change-a-permit-for-waste-operations/?lang=en

In addition, you can contact your regulating officer for pre-application advice prior to the submission of any variation application. Please be aware that NRW are currently inserting fire conditions into bespoke permits upon variation. Fire conditions will require operators to produce and operate by a Fire Prevention & Mitigation Plan (FPMP) following the most current NRW FPMP guidance which can be found at the following link:

https://cdn.naturalresources.wales/media/682159/eng-guidance-note-16-fire-prevention-mitigation-plan.pdf?mode=pad&rnd=131625760730000000

As an operator that conducts its business in both England and Wales, I would encourage you to review this document as it's requirements are different to those contained within Environment Agency fire guidance.

Thank you for your time during this inspection.

Paul Challender - Environment Officer

In this document 'Natural Resources Wales' means the Natural Resources Body for Wales established by Article 3 of the Natural Resources Body for Wales (Establishment) order 2012.

This form will report compliance with your permit as determined by an NRW officer

Site	Safetykleen Broughton	Permit Ref	WP3694FZ
Operator/Permit holder	Safety Kleen U K Ltd	Date	18/06/2018

Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition.
Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

Criteria Ref.	**CCS Category**	**Action required/advised**	**Due Date**
See Section 1 above			

Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply

Non-compliance scores and categories

CCS category	Description	Score
C1	A non-compliance that could have a major environmental effect	60
C2	A non-compliance which could have a significant environmental effect	31
C3	A non-compliance which could have a minor environmental effect	4
C4	A non-compliance which has no potential environmental effect	0.1

Operational Risk Appraisal (Opra) - Compliance assessment findings may affect your Opra score and/or your charges. This score influences the resource we use to assess permit compliance.

Section 6 – General information

Data protection notice

The information on this form will be processed by the Natural Resources Wales (NRW) to fulfil its regulatory and monitoring functions and to maintain the relevant public register(s). The NRW may also use and/or disclose it in connection with:

- Offering/providing you with its literature/services relating to environmental matters
- Consulting with the public, public bodies and other organisations (eg. Health and Safety Executive, local authorities) on environmental issues
- Carrying out statistical analysis, research and development on environmental issues
- Providing public register information to enquirers
- Investigating possible breaches of environmental law
- Assessing customer service satisfaction and improving its service
- Freedom of Information Act/Environmental Regulations request

The NRW may pass it on to its agents/representatives to do these things on its behalf. You should ensure that any persons named on this form are informed of the contents of this data protection notice.

Disclosure of information

The NRW will provide a copy of this report to the public register(s). However, if you consider that any information contained in this report should not be released to the public register(s) on the grounds of commercial confidentiality, you must write to your local area office within fifteen working days of receipt of this form indicating which information it concerns and why it should not be released, giving your reasons in full.

Customer charter

What can I do if I disagree with this compliance assessment report?

If you are unable to resolve the issue with your site officer, you should firstly discuss the matter with officer's line managers using the informal appeals procedure. If you wish to raise your dispute further through our official Complaints and Commendations procedure, phone our general enquiry number 0300 065 3000 (Mon to Fri 08.00 – 18.00) and ask for the Customer Contact team or send an email to enquiries@naturalresourceswales.gov.uk. If you are still dissatisfied you can make a complaint to the Public Services Ombudsman for Wales. For advice on how to complain to the Ombudsman phone their helpline on 0845 607 0987.

Welsh Language
If you would like this form in Welsh please contact your Regulatory Officer.
