Variation application number
EPR/DB3736AT/V002

Permit number
EPR/DB3736AT

Lodge Farm Digester

Permit number EPR/DB3736AT

Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

The operator's original application to vary from one standard rules set to another was found not to be possible due to the proximity of the on farm slurry store to a watercourse. This was not picked up during the original permit application when a standard rules set 2010No16 was issued in September 2012.

The level of risk posed at the on-farm anaerobic site has been assessed as low due to the very low throughput that has been specified under the planning consent – no more than 2,000 tonnes of waste a year. By varying the permit from a Tier 2 SRP to a Tier 3 bespoke permit this limit has been imposed. This has resulted in lower subsistence fees for the operator and more flexibility for on-site operations.

Because the level of risk is comparable to that of the standard rules set, certain tables from SR2012No12 have been reproduced in the varied permit.

Standard interpretations from the SR2012No12 have been included in the bespoke permit that are excluded from the generic permit template. Because the operator was already operating to these standards under the original SR2010no16 permit, they have been reproduced in the bespoke permit for clarity.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number

Status log of the permit		
Description	Date	Comments
Permit determined EPR/DB3736AT	11/09/12	Standard rule permit SR2010 No16 issued to Lodge Farm Biogas Ltd
Application EPR/DB3736AT/V002 (variation)	Duly made 02/04/13	Application to vary from SR2010 No16 to SR2012 No12, including an amended site boundary.
Variation determined EPR/DB3736AT	15/07/13	Varied Tier 3 bespoke permit issued to account for site location and inability to meet standard rule criteria.

End of introductory note

Notice of variation

Environmental Permitting (England and Wales) Regulations 2010

The Natural Resources Body for Wales (“Natural Resources Wales”) in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2010 varies

Permit number
EPR/DB3737AT

issued to:
Lodge Farm Biogas Limited (“the operator”)

whose registered office is
Lodge Farm
Commonwood
Holt
Wrexham
Clwyd
Wales
LL13 9TE

company registration number 07547361

to operate a regulated facility at

Lodge Farm Digester
Lodge Farm
Commonwood
Holt
Wrexham
LL13 9TE

to the extent set out in the schedules.

The notice shall take effect from 15/07/13

Name

Date

--	--

Authorised on behalf of Natural Resources Wales

Schedule 1 – conditions to be deleted

The following conditions are deleted as a result of the application made by the operator

SR2010No16 – On-farm anaerobic digestion facility including use of the resultant biogas

Schedule 2 – conditions to be amended

None

Schedule 3 – conditions to be added

The following conditions are added as a result of the application made by the operator

Issued as a separate document
