### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This operator led administrative variation is to amend Schedule 2 Table S2.1 – List of permitted waste types, to allow 2 additional waste types, that are similar in nature to those already accepted at the site.

The following waste codes have been added: 16 01 03 and 16 05 04\*

Where relevant, waste codes have been amended to include an asterisks (\*) indicating it is a hazardous waste. At the request of the permit holder, the main address of the operator (not the site address) has also been amended in this administrative variation.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
