### Introductory note

#### This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This variation is to update the current permit to modern conditions, add wood processing, inert and excavation waste processing including the production of soils, bailing of combustible materials and separation of trommel fines.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
