

Notice of variation with introductory note

The Environmental Permitting (England & Wales) Regulations 2010

Mr Harri Murrus Parry

Gwrtaith Gwynedd
Glanllynau
Chwilog
Pwllheli
Gwynedd
LL53 6SJ

Variation application number
EPR/RP3494FM/V004

Permit number
EPR/RP3494FM

Gwrtaiith Gwynedd

Permit number EPR/RP3494FM

Introductory note

This introductory note does not form a part of the notice.

The following notice gives notice of the variation and consolidation of an environmental permit.

This is a regulator initiated variation to amend the Limits of activities section of Table S1.1 to clarify the treatment activities to include the mechanical treatment of road sweepings (street cleaning residues 20 03 03); consisting of screening and sorting of recyclables, including the segregation of oversize aggregate, sand and fine organics.

The schedules specify the changes made to the permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.

Status log of the permit

Description	Date	Comments
Permit determined EAWML 37245	21/05/04	Original permit issued to Harri Morrus Parry.
Variation determined EPR/RP3494FM/V002 (formerly EAWML 37245)	15/02/07	Increase storage capacity of waste allowed at any one time to 3000 tonnes.
Variation determined EPR/RP3494FM/V003	03/11/11	Varied and consolidated permit issued in modern condition format.
Variation determined EPR/RP3494FM/V004	07/10/14	Regulator initiated change to clarify the permitted treatment processes on site.

End of introductory note

Notice of variation

The Environmental Permitting (England and Wales) Regulations 2010

The Natural Resources Body for Wales (“Natural Resources Wales”) in exercise of its powers under regulation 20 of the Environmental Permitting (England and Wales) Regulations 2010 varies

Permit number
EPR/RP3494FM

issued to
Mr Harri Morrus Parry (“the operator”)

of

Glanllynnau
Chwilog
Pwllheli
Gwynedd
LL53 6SJ

to operate a regulated facility at

Gwrtaith Gwynedd
Glanllynnau
Chwilog
Pwllheli
Gwynedd
LL53 6SJ

to the extent set out in the schedules.

The notice shall take effect from 07/10/2014

Name	Date
Holly Noble	07/10/2014

Authorised on behalf of Natural Resources Wales

Schedule 1 – conditions to be deleted

None.

Schedule 2 – conditions to be amended

The following conditions are amended as detailed, following a Natural Resources Wales initiated variation.

Table S1.1 activities, as referenced in condition 2.1.1 in the ‘Operations’ section

Table S1.1 activities		
Activity reference	Description of activities for waste operations	Limits of activities
A1	R3: Recycling/reclamation of organic substances which are not used as solvents (including composting and other biological transformation processes)	i) Secure storage of wastes listed in table S2.1 ii) Physical treatment, composting and maturation of the types of waste listed in table S2.1
	R5: Recycling/reclamation of other inorganic compounds	iii) All shredding, composting and screening operations shall be carried on areas of impermeable pavement
	D9: Physico-chemical treatment not specified elsewhere which results in final compounds or mixtures which are disposed of by any of the operations numbered D01 to D12	iv) Mechanical treatment of road sweepings (street cleaning residues 20 03 03) consisting of: - screening and - sorting
	D14: Repackaging prior to submission to any of the operations numbered D01 to D13	of recyclable components, including the segregation of oversize aggregate, sand and fine organics.
	D15: Storage pending any of the operations numbered D01 to D14 (excluding temporary storage pending collection on the site where it is produced).	
A2	R13: Storage of waste pending any of the operations numbered R1 to R12 (excluding temporary storage, pending collection, on the site where it is produced)	i) The storage of waste prior to shredding, post shredding and prior to composting shall take place on areas of impermeable pavement provided in accordance with condition 2.1
		ii) No waste shall be stored on site prior to composting for longer than 5 days
		iii) The maximum quantity of waste being stored prior to composting, composted, and stored for maturation, shall not exceed 3,000 tonnes at any one time

Schedule 3 – conditions to be added

None
