Section 1 – Compliance Assessment Summary

This is based on the requirements of the permit under the Environmental Permitting Regulations. A detailed explanation is captured in "Compliance Assessment Report Detail" (Section 2) and any actions you may need to take are given in the "Action(s)" (section 4). This summary details where we believe any non-compliance with the permit has occurred, the relevant condition and how the non-compliance has been categorised using our Compliance Classification Scheme (CCS). CCS Scores can be consolidated or suspended where appropriate, to reflect the impact of some non-compliances more accurately. For more details of our CCS scheme, contact your local office.

Permit conditions and compliance summary	CCS Category	Condition(s) breached
A1 - Specified by permit	A	
B1 - Infrastructure - Engineering for prevention and control of emissions	A	
B4 - Infrastructure - Containment of stored materials	A	
C3 - General Management - Materials acceptance	A	
C4 - General Management - Storage, handling labelling and Segregation	C3	1.1.1 & Table 1.1
	A	
F3 - Amenity - Dust/fibres/particulates and litter	A	

KEY: See Section 5 for breach categories, suspended scores will be indicated as such.

A = Assessed or assessed in part (no evidence of non-compliance), **X** = Action only,

O = Ongoing non-compliance, not scored.

Number of breaches recorded	1	Total compliance score (see section 5 for scoring scheme)	4
------------------------------------	----------	---	----------

If the Number of breaches recorded is greater than zero, please see Section 3 for our proposed enforcement response

Section 2 – Compliance Assessment Report Detail

This section contains a report of our findings and will usually include information on:

- The part(s) of the permit that were assessed (eg. Maintenance, training, combustion plant, etc)
- Where the type of assessment was 'Data Review' details of the report/results triggering the assessment
- Any non-compliances identified
- Any non-compliances with directly applicable legislation
- Details of any multiple non-compliances
- Information on the compliance score accrued inc.
- Details of advice given
- Any other areas of concern
- Any actions requested
- Any examples of good practice
- A reference to photos taken

The site was inspected on 10 August 2016 by Sally Wakeford and Ffion Thomas.

C4 – General Management – Storage, handling, labelling and segregation – CAT 3 – Permit Condition 1.1.1 (Table 1.1)

You have been given a CAT 3 breach against the permit condition above as it was noted that waste (namely 2 x black bag/residual waste skips & white goods skip) was being stored on an area of the site which was not serviced by sealed drainage.

Permit condition 1.1.1 states:

"No waste management operations shall be authorised by this licence unless a) – specified in accordance with the limitation in section 1.1 of the working plan and in the following table"

Table 1.1 states:

"iv) All skips, drums, and other mobile tanks or containers being used to store waste shall only be placed upon impermeable pavement with a sealed drainage system..."

No wastes should be stored, treated or handled in any area other than on the impermeable pavement with sealed drainage system.

This was previously scored in CAR 34249/0249080 on 18 September 2015, and in light of the issue not being resolved and the issues at the other sites, please provide a detailed action plan of how you are going to work to come into compliance with your permit.

ACTION: Submit Action Plan as detailed above for compliance with your permit by 30 September 2016.

These actions must be taken by the time frame specified in the Section 4 – Actions.

Refrigeration Equipment

It was noted on site that the fridges were being stored on the impermeable pavement with sealed drainage system. Permit condition 1.1.1 and Table 1.1 – Specified waste management operations, Part A vi and vii, states that doors should be removed or rendered inoperable.

Action: Please confirm operating procedures for the acceptance of refrigeration equipment and ensure this is detailed in your EMS and operatives on site are trained in these procedures.

Any compliance criteria not highlighted in the above summary should be considered as not assessed.
In this document 'Natural Resources Wales' means the Natural Resource Body for Wales established by Article 3 of the Natural Resource Body for Wales (Establishment) Order 2012.

Section 3 – Enforcement Response

You must take immediate action to rectify any non-compliance and prevent repetition. Non-compliance with your permit conditions constitutes an offence and can result in criminal prosecutions and/or suspension or revocation of a permit. Please read the detailed assessment in Section 2 and the steps you need to take in Section 4 below.

In respect of the above non-compliance you have been issued with a warning. At present we do not intend to take further enforcement action. This does not preclude us from taking additional enforcement action if further relevant information comes to light or offences continue.

Section 4 – Action(s)

This section summarises the actions identified during the assessment along with the timescales for when they will need to be completed.

Criteria Ref.	CCS Category	Action required/advised	Due Date
See Section 1 above			
C4	C3	Submit Action Plan as detailed above for compliance with your permit by 30 September 2016.	30/09/2016

Section 5 – Compliance notes for the Operator

To ensure you correct actual or potential non-compliance we may

- Advise on corrective actions verbally or in writing
- Require you to take specific actions verbally or in writing
- Issue a notice
- Require you to review your procedures or management system
- Change some of the conditions of your permit
- Decide to undertake a full review of your permit

Any breach of a permit condition is an offence and we may take legal action against you

- We will normally provide advice and guidance to assist you to come back into compliance either after an offence is committed or where we consider that an offence is likely to be committed. This is without prejudice to any other enforcement response that we consider may be required.
- Enforcement action can include the issue of a formal caution, prosecution, the service of a notice and/or suspension or revocation of the permit.

See our Enforcement and Civil Sanctions guidance for further information

This report does not relieve the site operator of the responsibility to

- Ensure you comply with the conditions of the permit at all times and prevent pollution of the environment
- Ensure you comply with other legislative provisions which may apply

Non-compliance scores and categories

CCS category	Description	Score
C1	A non-compliance that could have a major environmental effect	60
C2	A non-compliance which could have a significant environmental effect	31
C3	A non-compliance which could have a minor environmental effect	4
C4	A non-compliance which has no potential environmental effect	0.1
