Introductory note

This introductory note does not form a part of the notice

The following notice gives notice of the variation of an environmental permit.

This is an operator led administrative variation to add waste code 17 04 10* to the permit. The hazardous and non-hazardous end of life vehicle waste codes (16 01 04* and 16 01 06) have also been added to the permit as these were omitted in error from the original permit.

No other changes have been made.

The schedules specify the changes made to the original permit.

The status log of a permit sets out the permitting history, including any changes to the permit reference number.
